

Dear Valued Member,

At California Family Fitness, we always prioritize wellness, and especially during the COVID-19 (Coronavirus) outbreak. Based a recent directive from California Governor Gavin Newsom, **all of our California Family Fitness locations will be temporarily closing today, March 17th, at 2 PM.**

We will continue to monitor the Coronavirus and evaluate when it will be safe to reopen. We will keep you updated with information, including the reopening dates for our clubs.

While we know these actions are unprecedented, safety is our highest priority. We appreciate your patience as we continue to work through the details of club closures. **All memberships will be in a frozen status until further notice.**

Our entire organization is committed to your health and well-being. We will be sharing regular communication with you via our COVID-19 information page. Knowing that activity is an important part of strengthening your immune system and reducing stress, we are happy to offer a wide variety of free video workouts that you can follow from the comfort of your home.

Our thoughts are with our members who are on the frontlines providing healthcare and other vital services, and those who are at risk. We are all in this together, let's show our community that the worst can bring out the best in all of us!

Randy Karr, President
