

Rotary trimmer knives

TKM rotary trimmers are offered for all commercially available rotary trimmers (Gämmerler, RIMA, Müller Martini etc.).

In addition to standard applications, TKM develops solutions that are specially tailored to customer-specific requirements.

Advantages/features of TKM rotary trimmers

- Continuously variable, single screw on carbide inserts
- Unlimited use of the milling body (no need for spare parts)
- Tight tolerances in axial runout (< 0.01 mm)
- Low coefficient of friction through non-stick coating
- Reduction of ink and glue deposits
- Long service lifetimes when cutting shingles up to 15 mm in thickness
- Available for all commercial rotary trimmers
