

# Three way trimmer knives

TKM three way trimmer knives are suitable for cutting in short and large print runs.

Only the right selected bevels and material qualities will guarantee a perfect cutting for the front, head and tail cut.

The TKM Anti Glue Knife reduce ink depositing on the spine and glue buildup on the blade.

## Tolerances

- Straightness of cutting edge 0.1 mm / 1000 mm
- Flatness cut edge 0.03 mm
- Polished surface < RA 0.1  $\mu$ m
- Taper 0.1 mm
- Parallelism 0.02 mm
