

# Your *health* is our priority

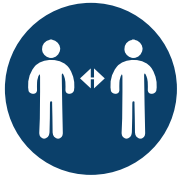

We've always been dedicated to the health and safety of our community. Now we're stepping it up a notch.

We have face masks, hand soap and disposable hand towels available for your use.

We're limiting the number of guests we allow in our Showhomes and Sales Centers, with a maximum 2 guests per Brookfield Residential Representative.

We're practicing six feet of social distancing.

A wellness check questionnaire is an additional precaution we've added to protect our community.

We require that guests share their contact information with us in the event that we need to get in touch with you.

If you are feeling unwell please visit us another time.
