Establishing & **Managing** Effective Teams

The following tools are intended to help you increase the effectiveness of your teams by using the three levers discussed in the Spotlight article: improving team structures, procedures, and behaviors.

The tools are designed to support conversations that:

- Assist in team design around a common purpose
- Select team members for specific roles
- o Manage processes and deliverables through a SMART goal format

 Run meetings and ongoing communications with increased efficiency

TEAM CHARTERS:

Team Name:

Defining the Team and How it Works

Teams should develop a charter—a 1-2 page document following the structure below—that provides a common identity and mission for the team, as well as a valuable communications and process management tool.

Team Members and Roles:							
Team Member Name	Specific Role (if applicable) (e.g. data analyst and team energizer)						
1 2							
3							
Problem and Context: (description of wh	hy we are here)						
Mission/Objective: (description of what we hope to accomplish)							
Goals: (specific outcomes we will achieve, articulated as SMART goals)							
SMART Goals (Goals should be outcome oriented; goals should not be activity oriented (e.g. gathering input, writing a report). Goals need to be SMART: Specific, Measurable, Aggressive yet Attainable, Relevant, and Time-bound.)
