## EREMA North America

### 17 September 2019

Dear Ladies and Gentlemen,

Please join us on September 17th for Discovery Day 2019 at our Tech Center in Ipswich, MA. Unlike a trade show, this is your chance to **explore the latest recycling technologies** in action.

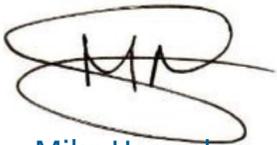

We will “peel away” an entire pallet of water bottles to show how each component can be recycled, including the PET bottle itself and all the adjoining materials - caps, labels, shrink wrap, etc.

The event will include both **technical presentations** and **hands-on demonstrations of polyolefin re-processing** on our INTAREMA machines.

Our goal is to ensure each of you have a useful, informative, and pleasurable experience at EREMA North America.

Program details will follow soon and we look forward to your visit.

Sincerely,

Mike Horrocks  
CEO  
EREMA North America

**Every material** on this pallet  
can go circular

**Pallet wrap**  
(LDPE)

**Closure**  
(PP)

**Bottle lable**  
(PE)

**Bottle**  
(PET)

**Bottle shrink wrap**  
(LDPE)

**Plastic pallet**  
(PP + HDPE)
