

ANIMAL SHELTERS

— by —

AS01

30.0m x 80.0m long double-gable steel rafter shed.

Ideal for any farming operation, Alpine animal shelters are a cost effective way to maximise production & trim running expenses, helping you reach your profit goals. They are fast and easy to install, enabling you meet tight deadlines and minimising disruption to your daily operations.

The many uses of Alpine animal shelters include covered yards, goat sheds, wintering barns, feed pads, shearing sheds, stables, arenas, calf sheds & much more.

Happy animals deliver more in return ... Keep your livestock warm in winter and cool in summer with an Alpine animal shelter!

Phone 0800 428 453 or visit www.alpinebuildings.co.nz for more information

The benefits of an Alpine animal shelter will give you many reasons to appreciate the investment you make:

- ✓ Hot Dip Galvanisation for maximum rust protection in corrosive environments; Hot Dip is known to be 2.5 times better than any other steel protection coating available.
- ✓ Minimise ground run-off and prevent pasture pugging and compaction.
- ✓ Boost herd health while increasing production levels and farm efficiency.
- ✓ Timber framing is more temperature controlled than steel and will keep noise levels to a minimum, resulting in more settled livestock.
- ✓ Timber design also minimises condensation and moisture build up while regulating and maintaining comfortable temperatures.
- ✓ The Alpine Birdproof Rafter design prevents birds from perching and nesting in the roof cavity, resulting in more settled animals and reduction in lice spread and disease from bird droppings.

Protect your valuable stock with a birdproof clearspan design.

AS07

Natural Light

Make the most of natural lighting with clearlight in the roof.

AS08

Ventilation

Open roof and walls to improve circulation and remove heat, moisture & odours.

AS09

Temperature Control

Timber framing and ventilated sidewalls for superior temperature control.

AS10

Reduce Run-off

Maximise production by reducing run-off and increasing herd health.

Call our team of experts on 0800 428 453 today to see how we can help you

MAXIMISE PRODUCTION

AS11

Minimise Disease

Alpine's Zero-Bird-Perch® rafters will keep your stock healthier and more settled.
