

WORKSHOPS

by

WS01

Large Clearspan Spaces

Protect your valuables with Alpine birdproof steel rafters.

Alpine's secure lockup workshops ensure your gear is protected from the harsh climate & undermining factors such as bird droppings, snow & wind.

Whether you require a large secured garage for your vintage car collection or an enclosed workshop, Alpine can help you design your dream shed.

Our buildings range from 9m to 30m wide with custom heights, bay sizes and unlimited lengths, ensuring your lockup is tailored for its intended use. Many other features can be added for your own personal touch.

Phone 0800 428 453 or visit www.alpinebuildings.co.nz for more information

WS02

Lifestyle Lock-ups

The clearspan design gives you more storage adaptability.

The benefits of an Alpine workshop will give you many reasons to appreciate the investment you make:

- ✓ Tidy, strong construction to ensure many years of serviceability.
- ✓ Build with or without a concrete floor.
- ✓ Manual or automatic door operation.
- ✓ Alpine workshops can be fitted with clearlight, building paper, personnel doors, and can suit larger specialised doors if required.
- ✓ The clearspan design gives you more storage adaptability & room for moving vehicles.
- ✓ Birdproof steel rafters prevent birds from perching and nesting in the roof cavity, keeping your valuable storage items free of corrosive bird droppings.
- ✓ Timber purlins give you a building that breathes, is more temperature controlled, and is quiet to work in.

WS03

Farm Workshops

Build a workshop, not a bird haven!

Phone 0800 428 453 or visit www.alpinebuildings.co.nz for more information

WS04

Natural Light

Make the most of natural lighting with clearlight in the roof.

WS05

Clearspan Design

The clearspan design gives you more room for manoeuvring vehicles.

WS06

Timber Framing

Timber framing for a quieter atmosphere and a place to secure workbenches.

WS07
