FOR IMMEDIATE RELEASE

## Due Diligence Works, Inc. becomes a Registered Investment Advisor

**Montclair, New Jersey – June 11, 2018** – Due Diligence Works Inc. (DDW) has always acted as a fiduciary for its clients, but now the company is making it official. **As of May 25, 2018, DDW is a Registered Investment Advisor**, announced Michael Freeman, president and co-founder of DDW.

“DDW has always put the needs of our clients first by providing product-level due diligence and counsel to our broker-dealer and RIA clients,” continued Michael Freeman.

This is not a change in DDW’s business model, but part of its continuing effort to raise the bar for due diligence across the industry.

- DDW offers due diligence, research and product shelf management for broker-dealers and RIAs.
- DDW covers annuities, insurance, mutual funds, managed money and alternative investments.
- DDW’s new **Product Portal** brings all of DDW’s proprietary due diligence together in one easy-to-access online database that supports home offices responsibility to manage and monitor their product shelves and helps Advisors select the right products for their clients.
- DDW does not manufacture insurance products or manage portfolios allowing it to maintain impartiality and avoid conflicts of interest.
