

We're in this together

Business needs, routines, and opportunities are changing rapidly as a result of COVID-19. And in every industry, companies are looking for solutions to keep business going strong during these times of uncertainty. The solution is finding partners that can help you adjust quickly to changing dynamics, regardless of the challenge.

AND WE'VE GOT YOU COVERED

Across the Vaco family, our rapid response solutions give you access to the people and technology you need to keep your business moving forward during and after these uncertain times.

Talent & Solutions

Our focus is helping you keep your business going strong during these times of uncertainty, and be ready to run full speed ahead when the global economy restarts on the other side of COVID-19. We can help now with the following services:

- Remote Interim Staffing
- Outsourced Call Center Support
- Virtual Hiring
- Unburdened VPNs
- Business Continuity & Disaster Recovery Planning

State & Municipal Government Remote Call Centers

Our goal is to help disseminate information to both citizens and businesses so they can navigate through this public health crisis. We can provide strategic solutions for remote call centers to triage and resolve information and communication backlogs.

- Turnkey Call Center Solutions
- Strategic Guidance
- On-boarding & Talent Expertise
- IT Support

Methodology-driven consulting solutions

Complex accounting and financial reporting implications have emerged as a result of the economic changes caused by COVID-19. Our team of technical accounting experts provides on-demand support to help companies address these challenges. Critical areas of focus include:

- Impairment of goodwill and/or indefinite-lived intangible assets
- Debt covenant compliance, modification, and/or restructuring
- Restructuring/reorganizing costs
- Adjustments and documentation for expected credit losses
- Operational support for quarter-end financial close, reporting, and disclosures
- MD&A disclosures

Free yourself.
