

TRANSFORMATION WEEKLY - May 16

This Week's Digital Transformation News

Every week we curate the most valuable transformation, compliance and operational excellence insights from our network of contributors and deliver them directly to you.

This week guest blogger Charles Araujo, Principal Analyst at Intellyx, explains why so [many digital transformation efforts miss the mark](#).

And much more. Enjoy!

[Why Transformation Requires a Process-First Mentality](#)

Last week we wrapped up this year's INNOVATE conference. It was a great success and we thank everyone that attended! This year we did things a little differently and hosted a weeklong virtual event to discuss the future of transformation. And we had transformation leaders from around the globe share their insights and best practices that they have gleaned from decades of hands-on experience. [Read on](#) to learn more.

[The Journey of a 1000 Processes – RPA and Beyond](#)

Over the past couple of years there has been a lot of talk about Robotic Process Automation (RPA). We have certainly contributed our fair share of content on the topic. There is no doubt that RPA is, can, and will be a major contributor to improving efficiency of the workforce over the next several years. [Keep reading](#) to find out more.
