### [Is Transformation Driven by Culture or Technology?](#)

70% of companies have a digital transformation strategy in place or are actively working on one. So, it's no surprise really that 40%% of all technology spending will go towards digital transformation. After all, the two go hand in hand, and technology is a key piece of the transformation puzzle. But is it the only piece? [Keep reading](#) to find out.

### [Understanding Process to Drive Resiliency](#)

As the world deals with the pandemic of COVID-19, businesses are united in focusing on Business Continuity and Resiliency. They are learning that identifying and understanding their key strategic processes is crucial, and that being able to align those processes to their corporate business architecture is invaluable. [Read on](#) to learn more.
