

The Cost of Unengaged Employees

Employee engagement is a fundamental success factor in today's business environment. In fact, 83% of HR leaders believe that employee experience is either important or very important in determining a company's success. With the rise of millennials in the workplace many are willing to forego higher pay to work at a socially responsible organization.

67%

\$30.5 Billion
the annual cost of Millennial turnover to the US economy

30%

of US workers are actively engaged

\$3,210

average cost to replace a \$10/hr employee

Up to **65%** less turnover in businesses who ranked in the top quartile in employee engagement
