

This is to certify that
Colt Technology Services

Colt House, 20 Great Eastern Street, London, England, EC2A 3EH

Has been assessed
by Simon Synowiec for NCC Group PLC
against the Cyber Essentials Scheme Test Specification

Level of certification: Cyber Essentials

Scope: Colt Technology Services external network infrastructure

Certification date: September 6th, 2019

Recommended re-assessment date: **September 5th, 2020**

Certificate no.: 0720655009359342

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
