

cliCS™

COLOR. CREATIVITY.  
TECHNOLOGY.

## EXPERIENCE AN INDUSTRY-FIRST

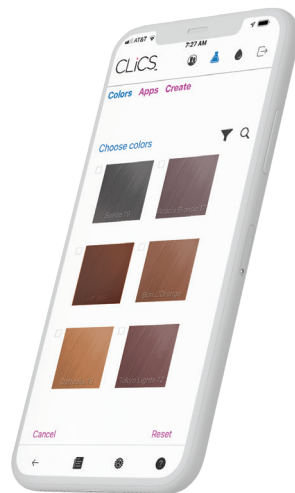

A self-contained hair color ecosystem representing a new way to formulate, dispense and manage color in your salon.

CLiCS is a computer-controlled color-dispensing platform that creates any shade of demi or permanent color with the touch of a button. No guesswork, no waste, no mess, no mistakes. Just perfect color every time.

## EXPERIENCE COLOR CONFIDENCE

THE CLiCS MOBILE APP IMPROVES FORMULATING SKILLS AND ALLOWS INSTANT ACCESS TO THE LATEST TRENDS.

## PRECISION

- No surprises, no gimmicks. Enjoy complete visibility into how each formula is created.
- Deliver on the promise of consistent, beautiful color with 100% repeatability. Replicate the same formula every time.

## EDUCATION

- CLiCS partner salons enjoy comprehensive in-salon education.
- Technical support keeps your color business running seamlessly.

## CONNECT WITH COLOR

The CLiCS system seamlessly connects you to our network for trend inspiration, inventory management, and more.

## SMART SHARING

- Create and share favorite formulas.
- Enjoy 24/7 on-demand access.

## CREATE MORE, STRESS LESS

- When one of CLiCS' 28 color canisters runs low, the system will automatically request a replacement for you.
- Never be out of a color that a client wants.

## ELIMINATE WASTE. BOOST PROFITABILITY.

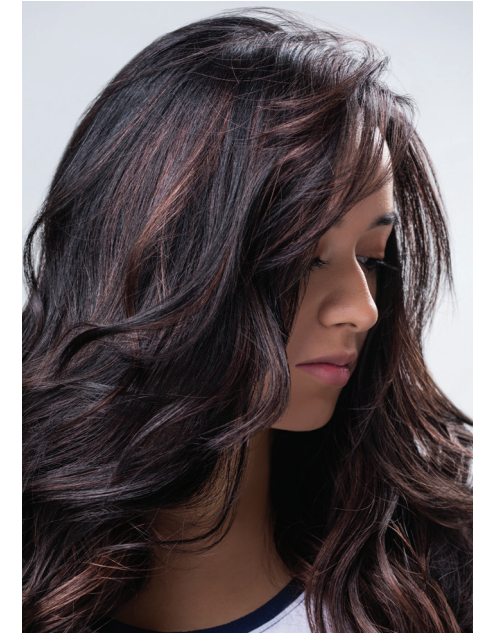

The competitive cost per application and zero upfront inventory investment makes CLiCS the first cashflow-positive hair color system. Saves thousands of used color tubes from filling up landfills.

## STRONG SALON ECONOMIES

- Only pay for the color you use—no upfront inventory investment.

## ENVIRONMENTAL IMPACT

- Less wasted color thanks to precision weighing, tracking and record-keeping.

- Eliminates excess shade inventory.

- No used color tubes or boxes to dispose of—recyclable canisters keep things green.
