

Mortgage sourcing through Intelligent Office

MortgageBrain Anywhere

MortgageBrain Anywhere is a fully online, whole of market mortgage sourcing solution now available through Intelligent Office (iO). It provides industry leading functionality, with accurate product data and lender notes.

Benefits include:

-  Ability to source mortgages from across the whole market
-  Saves you time, as it makes rekeying data a thing of the past as data is shared between iO and MortgageBrain Anywhere
-  Ability to store reports and documents generated in MortgageBrain Anywhere in iO
-  Helps you achieve a more streamlined advice model
-  No need to re-enter credentials once setup

Features include:

-  Stress testing calculations with a minimum 1% annual rate increase
-  Offset future client income changes against Rate Shock
-  Stress testing: clear amber triangles marking unaffordable products
-  Save initial disclosure documents, client fact finds, compliance filters letters and reason why letters in the client file

Plus MortgageBrain Anywhere is:

-  Optimised for the iPad, tablets, laptops, PCs and Macs
-  Fast, intuitive and easy to use
-  Optimised to use on smaller screens
-  Easily control the way you view your information
