

7 NEW COURSES

from Learners Edge

Need to turn your face-to-face classroom into an online learning environment? Have to create a plan to assess your learners through distance learning? Want to learn more about digital equity? Or are you just ready to learn something new?

Learners Edge has you covered! Check out our new courses.

TECH MEETS FORMATIVE ASSESSMENT

Course 5098: Enhancing Formative Assessment Practices with Technology will help you use innovative technology to make learning progress visible every day.

WHOLE CHILD ASSESSMENT

Course 5117: Reimagining Assessment for the Whole Child is sure to assist in alignment of teaching and assessment practices in a way that supports the whole student.

ONLINE INSTRUCTION FOR ALL

Course 5123: Teaching Online with Equity in Mind will provide ideas for a shift from face-to-face instruction to online teaching while you consider digital equity.

GET HEALTHY... FIGHT BURNOUT

Course 5124: Goodbye Teacher Burnout, Welcome Teacher Wellness will help you mitigate burnout and practice self-care and healthy living to ensure you are at your best!

SUCCESS BREEDS SUCCESS

Course 5125: Supporting Struggling Students through High Impact Practices provides methods for both special education and general education teachers whose mission is to support struggling learners.

READING RESEARCH EXPLORATION

Course 5126: Five Keys to Reading Instruction outlines research from literacy experts to help you increase students' mastery of the key areas of reading -- Phonemic Awareness, Phonics, Fluency, Vocabulary and Comprehension.

TEACHING POSITIVE STUDENT BEHAVIOR

Course 5127: Priceless, Proactive Classroom Management Practices focuses on positive behavior as a learned skill and offers tools and frameworks to support student learning in your classroom the very next day.
