

ESAB WELDING & CUTTING PRODUCTS
2017/2018 “WELD IT FORWARD” CONTEST OFFICIAL RULES

NO PURCHASE IS NECESSARY TO ENTER OR WIN THIS CONTEST. A PURCHASE WILL NOT INCREASE YOUR CHANCE OF WINNING.

ELIGIBILITY:

This Contest is open to students who at the time of entry are enrolled in a welding instructional program at a secondary, post-secondary, technical, or vocational school located in the fifty (50) United States or the District of Columbia and Canada (except the Province of Quebec). Professional welders and employees (and their immediate families or those living in the same household) of ESAB Welding and Cutting Products (“Sponsor”), and its respective affiliates, subsidiaries, divisions, parent and related companies, suppliers, printers and advertising, promotional and judging agencies are not eligible to enter or win.

PART 1 – CONTEST THEME ESSAY: Each school has the opportunity to enter by writing an original essay. The essay is submitted by the instructor on behalf of the welding program, and should be a collaboration by the students and the instructor. The essay should summarize why the students believe their school should be selected as a semi-finalist to compete in Part 2 of the contest – Metal Fabrication Project, and it should support the contest theme: Weld It Forward. For example, entrants may describe how the welding program at their school helps to:

- Shape character
- Positively affect daily life or the lives of others
- Influence or empower a student’s potential as a welding professional

HOW TO ENTER: Essay contest begins at 12:01 a.m. CDT on August 21, 2017 and ends at 11:59 p.m. CDT on October 9, 2017.

To enter, the school must submit an Essay supporting one or more aspects of the Contest Theme (see above). The Essay must contain no more than 500 words and must be the original creation of the participating welding class and their instructor, and not previously published or subject to any claims of copyright by any third party. Winning essays will be determined based on the following criteria: originality (25%); creativity (25%); and adherence to the Contest Theme (50%) by a panel of independent judges selected by Sponsor.

The Essay may not contain material that is inappropriate, indecent, obscene, hateful, defamatory, slanderous or libelous. Also, the Essay must not promote bigotry, racism, harm or hatred against any group of individual or promote discrimination. The appropriateness of all Essays will be determined solely by Sponsor, whose decisions are final. Sponsor reserves the right to reject any Essay it deems inappropriate for any reason. The instructor must also complete and submit an online entry form available at

esab.com/welditforward that includes the names of the instructor and a student welding team (2 – 5 students, with one student team leader) who will participate and represent their school in the Phase Two welding project competition, should their school be chosen as a semi-finalist.

Semi-Finalist Schools

Six semi-finalists (3 high schools, 3 post-secondary schools with a vocational, technical or engineering focus) will be chosen through the essay contest phase. Semi-finalist winners will be announced at FABTECH, November 7, 2017 in Chicago, and posted via Facebook Live from FABTECH.

PART 2 – “WELD IT FORWARD” METAL FABRICATION PROJECT

A group of students (no fewer than two and no more than five) from each of the 6 semi-finalist schools may participate in the second phase of the contest by submitting and documenting a Team Metal Fabrication Project that uses both welding and plasma and/or oxy-fuel equipment as one or more of the fabrication steps. A welding or metal fabrication instructor employed by the student’s school must supervise the Team.

Each of the six semi-finalist schools participating in the “Weld It Forward” Team Metal Fabrication Project will be awarded the following equipment (and for utilization by students on the metal fabrication project):

- 1 ESAB Rebel EMP 235ic Welding Systems
- 1 ESAB Rebel EM 215
- 1 Thermal Dynamics Cutmaster 60i Manual Plasma System
- 1 Victor Journeyman EDGE 2.0 Outfit
- 2 Sentinel helmets
- 6 pair MIG gloves and 6 pair TIG gloves
- ESAB Wire Package to include: 10# spool Aristorod 12.50,
10-lb. can Sureweld 6010 & 6013, 10-lb. can Atom Arc Acclaim 7018,
10-lb. spool Dual Shield 710X-M (*specific wire selection subject to change*)

Additionally, a project kit will be sent to each semi-finalist school with instructions. All of the metal plate and metal parts in the kit must be utilized in the project. Additional components may also be added to complete the project, if desired. Projects

Project size: Minimum: 3 ft. tall x 2 ft. wide x 2 ft. deep
Maximum: No restrictions

A winning team from each flight (one high school and one post-secondary school) will be chosen based on the following criteria:

- Completion of the welding and cutting Project (i.e., all final fabrication steps completed) (10%);
- Creativity (i.e., how unique, artistically expressive or innovative is the Project) (10%);

- Documentation of work (i.e., photographs, drawings and/or illustrations of Project progression and completion) (10%);
- Quality of presentation (i.e., do the plans or documentation, which must accompany the entry, define in detail how the Project was built, its dimensions, building materials and overall purpose; does the documentation clearly specify how one or more welding and oxy-fuel processes were used to build the Project (25%);
- Adherence to the Contest Theme (25%); does the Plan or documentation describe how students worked as a team to develop, design and build the project (10%);
- Did they seek and gain input from their instructor (encouraged) (10%).

During the project phase, students are required to submit “work in progress” videos and/or photos at least two times. Videos/photos should show ESAB equipment in use, and may include testimonials or comments regarding the use of the equipment by students and instructors.

Upon completion of the project, students should submit a team photo with their instructor, along with final project photos, preferably JPGs, in an electronic (digital) format (via CD, DVD or memory stick). A digital or hard copy final project report, with project steps, diagrams, plans and/or blueprints should also be submitted.

ESAB will post final project reports and photos online. Judging will be done by a combination of online public voting (75%) and select metalworking professionals (25%). In the event of a tie, ESAB reserves the right to make final selection.

The Part 2 Fabrication Project Phase runs from November 13 – March 9, 2018. All entries must be received by 11:59 p.m. CDT on the last date of the Contest, i.e., March 9, 2018. All project report entries become property of the Sponsor and will not be returned. The fabricated metal project remains property of the school.
