TRC1002
Rugged Workstation
Chassis

1U - 19" DEPTH - 2 FULL-HEIGHT, 3/4-LENGTH PCIE SLOTS

3.5" bay in the front for two hot-swap 2.5" hard drives with two USB 3.0 ports.

SWaP Optimized High-Performance Computing

You do not need to compromise rack height or depth to get two full-height, 3/4-length PCIe slots in a 1U. Powered by a 1200W power supply and as low as 18 pounds for the complete system, the TRC1002 is the perfect combination of Size, Weight, and Power for applications that need 2 PCIe slots.

PRODUCT DETAILS

Xeon or Core series CPUs

Enhance system performance with single Core™ or dual Intel® Xeon® Processors.

Super Light

It's the lightest rugged workstation chassis on the market today weighing in at 12.5lbs.

1200W removable PSU

Fully removable power supply.
