About Us

A Company Dedicated To Healthcare and Committed To Its Future

Our business has had the privilege of serving the healthcare industry since 1945. We work in 1,000s of hospitals and facilities across the country because we are committed to supporting caregivers and the important work they do.

We believe that caregivers deserve the perfect fit between their manual or EMR charting tools and their workflow, ergonomic, safety and data security needs, and our experienced consultants and staff are here to help ensure their complete satisfaction.

Statistics

A trusted partner you can rely on to meet your facility's needs everytime.

- We've served over 15,000+ healthcare clients
- Over 5,000 unique charting solutions
- We work with 1,000s of systems, we're likely in yours

Perfect Partners

We have 100s of products to meet unique healthcare EHR requirements but we know not everyone's requirements are the same.

Service

Expert Consultation & Design Services

- Get your personalized needs consultation with our experienced healthcare consultants and engineering representatives
- On-site walk throughs provide for indepth workflow analysis and detailed project requirements gathering
- We partner with you and all stakeholders in your facility to meet the needs of all departments and users
- Demo and pilot program evaluations ensure you have the perfect fit solutions

Solutions

Natural Fit Products, Custom and OEM Solutions

We have 100s of products to meet unique healthcare EHR requirements but we know not everyone's requirements are the same.

We can work with your team to find the perfect solution no matter what.

Support

We are proud to support the healthcare teams that are dedicated to serving all of our family and friends in the healthcare community. We are committed to excellent customer service and will make sure your needs are met everytime.

Strategy

Our experienced healthcare consultants bring a wealth of healthcare, facility, workflow and ergonomic expertise to every project. They'll work with your whole team to make sure solutions meet your requirements and exceed expectations.

Integration

As an experienced supplier in the HIT industry we've built partnerships with some of the best product and technology providers in the industry. We'll always bring you the perfect fit solution for your unique situation.

We've helped hundreds of hospital systems and healthcare facilities transition from traditional charting to EMR/EHR charting solutions to meet regulations.

If you're planning a transition our specialists can help. It's likely we're already in your system.

We believe that caregivers deserve the perfect fit between their manual or EMR charting tools and their workflow, ergonomic, safety and data security needs.
