

NIM.MERSON

CORPORATE SERVICED APARTMENT BOOKING

ONLINE OPTIONS | CONFIRMATION | COORDINATION

Whether it's for a few weeks or a few months, corporate serviced apartments offer a more cost effective and comfortable alternative to a hotel room. They allow employees and their families to live more independently and experience a local way of life. When employees are on assignment internationally, it's important that they are relaxed, recharged and ready to work.

Our **Corporate Serviced Apartment Booking** service works with our reputable service accommodation network to find the best solutions for assignees. We are often able to save you money in fees through NIM.MERSON's accumulated volume discount.

NIM.MERSON is dedicated to offering you solutions through our quality service and attention to detail.

The key features we offer with **Corporate Serviced Apartment Booking** are:

Online Options:

We constantly track market trends, and we present two to three options online.

Lease Confirmation:

Through NIM.MERSON's unparalleled service and expertise, we arrange for a lease or booking confirmation.

Move-In Coordination:

The NIM.MERSON knowledgeable staff will arrange for coordination of move-in, so assignees can focus on their jobs.

Please note: There are only a few corporate serviced housing options large enough to accommodate families. In these situations, we often have to recommend the NIM.MERSON **Temporary Accommodation** service.

Customer Support Pages:

The Corporate Serviced Apartment Booking service includes access to our Customer Support Pages that provide comprehensive information about the area from a local point of view.

Welcome Home!

We love helping expats learn everything they want to know about their new city. Our exclusive content in our **Support Pages** offers facts, details and local tips that will help them learn all about living in Sweden. They'll feel right at home before they know it.

NIM.MERSON is all over the world!

We offer a full range of immigration and relocation services. In fact, NIM.MERSON is part of a unique, global network that reaches into remote areas of the world. Simply let us know the location, and we can help from there too!
