The stress of relocation is real - especially for employees accompanied by their families. That's why NIM.MERSON is proud to offer our Easy Living service, a full service relocation program created with families in mind and is also suitable for Executives.

A Happy Family Means A Happy, Productive Employee

Relocating a family impacts more than one person. In fact, family resistance is often the main reason employees are hesitant to relocate. One of the main goals of the Easy Living service is to ensure family happiness, and to make sure everyone adapts well - setting your employee up for success. We do that by alleviating the pain points with world class service all the way through.

Here's what's included:

Local Orientation:

A personal NIM.MERSON relocation consultant plans a customized pre-visit program based on the employee's needs and wants. We provide local knowledge to help employees know what to expect and what to look for as they plan their move to Sweden. We help them understand neighborhoods, areas for living, schools, recreational facilities, shopping, and anything else that may be helpful to the family.

Accompanied Home Hunting:

Our relocation consultants find out important needs employees may have when searching for a home. We provide a current guide to rent costs and help employees identify possible homes based on their budget, needs and market conditions. We monitor the rental market, schedule viewings of properties and accompany them to viewings. Finally, we negotiate terms and set up the lease agreement. In this program is 1-2 days of accompanied viewings.

Property Inspection:

Before move-in, NIM.MERSON will conduct a superficial inspection of the property. Our relocation consultant will make sure the correct condition of the property is well documented. This helps avoid extra costs and confusion over damages when it comes time to move out.

Utilities Set-Up:

We will arrange for a transfer of pre-existing utilities (e.g. electricity, water, gas, sewage, internet, TV license, and residential parking if applicable.)

NIM.MERSION

EASY LIVING SERVICE

Local Registration:

We help with local registration so the employee gets a Swedish Personal number or Coordinational Number.

Practical Matters:

NIM.MERSION consultants guides employees in obtaining a full service bank account. Employees must qualify according to the bank's policies.

Work Permit:

This is required for NON-EU CITIZENS only.

International School Search:

NIM.MERSION will inform the family on available options for International schools.

Settling In Service

Once physically settled, we help employees and their families make the transition to Sweden as smooth as possible. From questions about traffic rules, to how to find nurseries in the neighborhood, we provide the right information and guidance to help everyone successfully adjust to their new city.

Welcome Home!

We love helping expats learn everything they want to know about their new city. Our exclusive content in our Support Pages offers facts, details and local tips that will help them learn all about living in Sweden. They'll feel right at home before they know it.

We offer a full range of immigration and relocation services. In fact, NIM.MERSION is part of a unique, global network that reaches into remote areas of the world. Simply let us know the location, and we can help from there too!

We'd be happy to welcome your employees - or help them return home - all over the world.
