

THE LACY LEDGER

Construction news and trends, plus a little light-heartedness

A look at the new McDonald's on State Street in Grand Island, which sports the company's latest look.

McDonald's: Missing Our Burgers and Fries!

We all have our routines—that basic structure that keeps our daily lives on track. As we recently discovered, there are many among us who have made McDonald's a part of our daily routine. After tearing down one of Grand Island's locations, we found the number of people asking questions and talking about how it has caused a disruption in their normal routine simply astonishing.

Even though Lacy Construction was on a tight schedule—a mere 90 days to tear down, rebuild, and have burgers and fries available again—people couldn't seem to wait. As shown in the accompanying photos, this location on State Street in Grand Island showcases McDonald's latest image and upgrades. Unfortunately, now we'll all have to learn to live without the playground area.
