

WOUND CARE AWARENESS

CHANGING THE ODDS FOR PEOPLE WITH CHRONIC WOUNDS

JOIN US JUNE 3-7, 2019

Currently, 6.7 million people in the United States are living with chronic wounds. Due to the lack of awareness of advanced wound care, the vast majority of these people do not receive the treatment they need and deserve.

We are excited to announce the sixth annual
Wound Care Awareness Week
Monday, June 3, to Friday, June 7, 2019

This week is dedicated to raising awareness of advanced wound care and its benefits to every patient living with chronic, non-healing wounds. Through this effort, we will raise awareness of the chronic wound problem and help community physicians identify patients who may benefit from advanced wound care.

HELP US RAISE AWARENESS ABOUT THE BENEFITS OF ADVANCED WOUND CARE
