

## APPLICATION RATES

WHEAT, BARLEY, CORN, SOYBEANS, SPELTS, BEANS, ALFALFA, SEED CROPS, TREES, VINES, COLE CROPS, MELONS, TOMATOES, PEPPERS, AND ALL MIXED VEGETABLES.

**PREPLANT** – BIO-HUME may be applied with liquid fertilizers or sprayed on dry fertilizers. When used in conjunction with liquid fertilizers use 2 pints of BIO-HUME per acre and add to the liquid fertilizer solution. When used in dry fertilizer, spray 2 pints of BIO-HUME per acre over the area of the broadcasted fertilizer. Water may be added to the BIO-HUME to assure proper coverage. Following the joint application of the dry fertilizers and BIO-HUME, work both in the soil to the proper depth.

**TIME OF PLANTING** – When used in the seed bed with water or starter fertilizer, use 1 pint of BIO-HUME per acre.

**SIDE DRESS** – use 2 pints of BIO-HUME per acre with water or combine with the liquid fertilizer.

**TRANSPLANT WATER** – Vegetables, Cole Crops, Trees, Vines) Combine 1 pint of BIO-HUME per acre with the transplant water. NOTE BIO-HUME may be combined with the liquid starter fertilizer.

**TURF** – Foliar spray 1/2 oz. of BIO-HUME per 3,000 sq. ft. every 30 days during the growing season.

## DERIVED FROM LEONARDITE

BIO-HUME concentrated liquid humates works with fertilizers and micronutrients to produce better crops by decreasing fertilizer tie-up in the soil and by activating dormant soil nutrients.

## NET WEIGHT

- ☐ 1 GALLON (9.1 lbs.)
- ☐ 5 GALLONS (45.5 lbs.)

## CAUTION:

**Keep out of reach of children!**  
**Harmful if swallowed.**  
**Avoid contact with skin,**  
**eyes or clothing.**

## IMPORTANT NOTICE AND CAUTIONS:

1. BIO-HUME is compatible with most pesticides, herbicides, and defoliants except those with a low pH.
2. BIO-HUME is incompatible with Calcium Nitrate. **DO NOT MIX TOGETHER.**
3. Shake containers. It is the nature of the liquid humus to have some sediment in bottom of the container. A slight sediment in bottom of the container is natural and is not a cause for alarm.
4. Always mix BIO-HUME with materials that have a pH of at least 6.0 or more.
5. Keep lid tight when not using.
6. Humus is a root stimulant and fertilizer enhancer.

The Fertrell Co. guarantees that the content and total volume are as stated within lawful limits. Liability of the seller shall be limited to refund of the purchase price and such refund is expressly agreed by buyer to be exclusive remedy.
