

JOIN RT46

Manage your fuel spend without going out on tender.

JOIN RT46 AND SHARE IN THE BENEFITS OF A TRANSVERSAL AGREEMENT.

Running a large municipal fleet efficiently can be a very challenging task. Governmental entities can elect to participate in RT46 for the Provision of Comprehensive Fleet Management Services to the State.

? What does RT46 offer?

RT46/2014 for fleet management services was successfully secured by Transit Solutions and includes the following services:

- > Card facility for the purchasing of fuel and tolls;
- > eFuel cashless, automated refueling solution;
- > Pre-authorization and payment facility for vehicle maintenance transactions, services and repairs;
- > Consolidated billing system;
- > Maintenance administration function;
- > Customised reporting in terms of exceptions, wrongful application of vehicles, or any fraudulent activities;
- > In-house fuel depot automation.

? How can you benefit?

Municipalities can elect to participate in RT46 to better control their on-road fuel spend. Transit Solutions provides an **automated, card-free system** that enables fuel purchases at up to 780 participating retail service stations, branded as eFuel.

- > Eliminates human intervention;
- > Fuel that is paid for is received by the authorised vehicle;
- > Accurate information;
- > Prevents unauthorised refueling;
- > Preauthorisation occurs at the pump before any fuel is dispensed;
- > 24/7 Helpdesk.

THE PROVISION MADE IN THE RT46 CONTRACT BY NATIONAL TREASURY FOR MUNICIPALITIES TO BE PART OF THIS CONTRACT, HAS BEEN OF SIGNIFICANT BENEFIT TO OTHER MUNICIPALITIES.

WHO IS TRANSIT SOLUTIONS?
