

# Streamlining the Disclosure Process

Business Wire, a trusted and recognized disclosure vehicle worldwide, and Workiva have partnered to simplify the material information disclosure process. Users of the Wdesk platform from Workiva can securely submit press releases directly to Business Wire from within Wdesk via a secure file transfer process. The integration of Business Wire within Wdesk platform improves efficiency and decreases the potential for errors in the disclosure process.

# Streamlining the Disclosure Process

This is Wdesk.

- Workiva is a leading cloud provider of connected data, reporting, and compliance solutions.
- Workiva is trusted by 3,000+ companies of all sizes and industries to improve data accuracy, increase productivity, and optimize SEC compliance.

## Wdesk Users:

- Upload your files into Business Wire's order system Business Wire Connect, without having to resave or export.
- Disseminate your news to the capital markets and news media outlets, quickly and securely from one controlled environment.

To receive more information about the Workiva relationship, please contact your Business Wire sales representative or email [Workiva@BusinessWire.com](mailto:Workiva@BusinessWire.com)
