## **CME Names Director of Kaiser Sales**

*Amy Annis to lead CME's collaboration  
with the expanding integrated care consortium*

**WARWICK, R.I. (July 10, 2018)** – CME Corp (CME) is pleased to announce the promotion of Amy Annis to Director of Kaiser Sales, as the comprehensive healthcare equipment and turn-key logistics company fortifies its connection with Kaiser Permanente (Kaiser).

CME's California team, led by Amy Annis, has established a successful relationship with Kaiser, providing procurement, warehousing, assembly, staging and direct-to-site delivery services for Kaiser's new construction projects across the western region. As Kaiser continues to expand its national footprint, CME has also expanded its services and footprint. CME now offers its logistics services anywhere in the U.S. as well as new services that include biomedical, IT and installation services.

"CME's comprehensive equipment and logistics solutions are robust and nimble, allowing us to handle the high volume of business that the Kaiser system demands," said Annis. "I am excited to be able to continue to offer our unique and customized solutions in any area Kaiser has the need."

Known for its highly standardized processes and strong compliance record, the Kaiser network requires acute attention to detail and maximum efficiencies, both of which CME is uniquely positioned to fulfill. CME's national network of warehouses and Annis' expert knowledge of Kaiser's methods make her especially well-positioned to lead the relationship.

A 27-year veteran of the industry, Annis has been with the company for 19 years and has shepherded the CME-Kaiser relationship since its inception. As Director of Kaiser Sales, Annis will oversee CME's entire Kaiser program, working with field sales and service teams across the nation to ensure compliance and top-of-the-line service for any of Kaiser's facilities.

"Amy's impressive knowledge of the Kaiser system and its unique needs is an undeniable asset, and we are thrilled to have her expand her work within this important partnership," said Cindy Juhas, CME's Chief Strategy Officer. "As Director of Kaiser Sales, Amy will help facilitate collaboration across the country and introduce CME's full suite of solutions when needed."

**ABOUT CME CORP:** CME is a comprehensive healthcare equipment and turn-key logistics company providing personalized support and service. With service centers nationwide that offer more than 1 million medical products from over 1,400 manufacturers, CME works to be a healthcare system's complete equipment solution providing product selection, procurement, warehousing, assembly, staging, direct-to-site delivery, installation, and biomed services for all of its equipment.
