

13 Suppliers Recognized for Outstanding Performance within the Attainia Planning Community

July 26, 2018 | Uncategorized | Written By Tiffany Lok

Planning capital equipment for IDNs involves committee approvals, clinician buy-in, complicated renovation and construction plans, and more. To be successful, Attainia suppliers build relationships to help third party planners, hospital systems, and their stakeholders select the capital equipment that allows them to provide the most innovative and best standard of care for the communities.

The suppliers below are recognized for their outstanding performance in the month of June with the Attainia planning community:

1. Steris
2. Logiquip
3. Advanced Sterilization Products (ASP)
4. Spacelabs
5. Blickman
6. Solaire
7. CME
8. Phillips Healthcare
9. Amico
10. GCX Corporation
11. Wittrock Healthcare
12. Getinge
13. Stryker
