

REACH POLICY STATEMENT

The Paragon Electronics Ltd group of companies are fully aware of **REACH**, the EU Regulation **(EU) N° 1907/2006**, relating to the “**Registration, Evaluation, Authorisation and Restriction of Chemicals**” which came into force on the 1st June 2007

As the Paragon Electronics Ltd group of companies operate in the downstream sector of the supply chain we have chosen not to participate in pre-registration but we will continue to collect data to support our ongoing risk assessment processes in order to identify the Group’s obligations on **REACH** compliance.

The Group supplies a wide range of components that are mainly specified and designed by our customers during the stages of their research, development, and pre-production. At a mutually agreed point in time Paragon becomes responsible for the management of this supply chain which may include the production phase.

If a substance of ‘Very High Concern’ is identified in products that we manufacture, above the threshold of 0.1% by weight, we will communicate the required information to our customers. The legislation is regularly being modified with frequent additions to the range of Chemicals and occasional changes to the thresholds of existing substances.

Paragon Electronics Ltd group of companies are not aware of any breaches in our supply chain with regard to products we supply within the scope of the **REACH** Regulation.

The Paragon Electronics Ltd group of companies are committed to managing all their **REACH** compliance activities in order to prevent/minimise any supply chain disruption to their customers

Chris Johnson

Executive Chairman
