

# EHS&S FORUM AGENDA

MAY 3-4  
2017

DAY ONE	MAIN ROOM
7:45am	REGISTRATION OPEN
9:00am	<p><u>Welcome</u></p> <p><b>Mark Ward</b> – General Manager, UL EHS Sustainability</p>
9:30am	<p><u>Keynote</u></p> <p><b>Dr. David Michaels</b> – Former U.S. Assistant Secretary of Labor for OSHA and Professor, the Milken Institute School of Public Health at George Washington University</p> <p>Dr. Michaels, who lead the OSHA whitepaper “Sustainability in the Workplace: A New Approach for Advancing Worker Safety and Health,” will look at the intersection of sustainability and safety in today’s changing workplace. Topics will include regulatory enforcement for high risk industries, improved whistleblower protections, compliance assistance to small businesses, and protections for temporary workers. He will also discuss wellness initiatives, workplace violence, and the relationship between patient safety and worker safety.</p> <p><i>Q&amp;A Moderated by Mark Ward</i></p>
10:30am	A.M. BREAK
11:00am	<p><u>“Navigating a Changing Business &amp; Regulatory Landscape”</u></p> <p><b>Andy Giffen</b> – Integration Partner Manager, ENHESA (global trends) <b>Derek Greenauer</b> – Director of Global Government Affairs, UL</p> <p>In an evolving EHS and sustainability landscape, ongoing changes to legislation, regulatory enforcement, and policy have major impacts for companies around the globe. How can a company stay up to date with crucial changes? Panelists will discuss EHS regulatory trends in different jurisdictions, changes to sustainable frameworks and reporting, and political dynamics impacting the EHS and Sustainability space.</p> <p><i>Q&amp;A Moderated by Efrain Quiros</i></p>
12:00pm	<p><u>“Integrated Health &amp; Safety”</u></p> <p><b>Todd Hohn</b> – Corporate Safety &amp; Health, PG&amp;E <b>Matt Digman</b> – Safety Services Manager, ThedaCare Healthcare System</p> <p>Integrated health and safety strategies across an enterprise have significant benefits for employee safety and for a company’s bottom line. In healthcare, there is growing evidence that improving employee safety correlates to improved patient outcomes and health. Panelists will discuss case studies on how organizations are implementing integrated health and safety strategies and how it benefits their business.</p> <p><i>Q&amp;A Moderated by Khoi Do</i></p>

1:00pm	LUNCH
2:00pm	<p style="text-align: center;"><u><i>“Strategic EHS &amp; Sustainability”</i></u></p> <p><b>Carol Singer Neuvelt</b> – Executive Director, NAEM  <b>Kimberly Flood</b> – Sr Sustainability Consultant, UL Environment  <b>Joe Bialowitz</b> – Principal Consultant, Kaiser Permanente</p> <p>How companies leverage sustainable initiatives, targets, and sustainability reporting is more than just marketing or an aspect of a company’s corporate social responsibilities. Harnessing the power of strategic EHS and Sustainability can drive growth, reduce cost, and enhance a company’s brand. Panelists will look at measuring corporate sustainability and how companies are working to provide greater external transparency, the impact of waste reduction initiatives and their application to new sectors like healthcare, and the 21st century skills workers will need to fuel the green economy.</p> <p><i>Q&amp;A Moderated by Efrain Quiros</i></p>
3:00pm	<p style="text-align: center;"><u><i>“The Impact of Emerging Technologies on EHS&amp;S”</i></u></p> <p><b>Peter Menet</b> – President &amp; CEO, MenetAero  <b>Rob Wurth</b> – VP, Wurtec  <b>Joe Harmon</b> – Product Management, UL EHS Sustainability</p> <p>Emerging technology trends such as drones, internet-connected technologies, and big data have numerous applications across industries and sectors. As with any new technology, however, they can also cause a risk to health and safety. How can companies keep an eye on EHS&amp;S in this brave new world? Panelists will discuss the impact of emerging technologies on safety and sustainability, along with advice on what workers and employers should consider when using them.</p> <p><i>Q&amp;A Moderated by Langdon Dement</i></p>
4:00pm	P.M. BREAK
4:30pm	<p style="text-align: center;"><u><i>“Bridging Strategy, Risk Management &amp; Operational Excellence through the Eyes of the C-Suite”</i></u></p> <p><b>Mark Ward</b> – General Manager, UL EHS Sustainability  <b>Dr. David Michaels</b> – Former U.S. Assistant Secretary of Labor for OSHA  <b>Carol Singer Neuvelt</b> – Executive Director, NAEM  <b>Todd Hohn</b> – Corporate Safety &amp; Health, PG&amp;E</p> <p>Returning panelists will recap the day’s discussions and provide an executive perspective on the impact of these trends at an enterprise level. They will discuss the highest priorities for their industries, innovative solutions to address the unintended issues, and future areas that could be of key interest over the next three to five years.</p> <p><i>Q&amp;A Moderated by Khoi Do</i></p>
5:45pm (only 5 min.)	<p style="text-align: center;"><u><i>Closing Remarks - 5 minutes thank you</i></u></p> <p style="text-align: center;"><b>Mark Ward</b> – General Manager, UL EHS Sustainability</p>
6:00pm	<p><b>Party Nashville Style!</b>  <b>Wild Horse Saloon</b></p>
