🚗 Day 3 • Jack Daniels Distillery

This morning we head to Lynchburg for a tour of the Jack Daniel’s distillery. This is the

oldest working distillery in the US, located in the center of a “dry country,” where alcohol cannot be sold. See firsthand how Tennessee whiskey is carefully crafted and learn all about the distillery Jack Daniel founded next to the cool, clear cave spring where he discovered the perfect iron-free water for making his Tennessee whiskey. Mr. Jack Daniel was an extremely particular man where whiskey was concerned, so once he came upon that spring, he did what any ambitious young man would do: he bought the land and got down to work. And for the rest of his life, he did what only one man could do: he made the whiskey that bears his name, living by his motto that “every day we make it, we’ll make it the best we can.” We return to Nashville where the rest of the day is at your leisure. (B)

created countless memories for the many friends and relatives who were a part of his life. Too many of these plantation homes since have been devoured by the passage of time, exposure to

the elements and mankind's struggle to move on, but Oak Alley remains as a testimonial to
