## SINCE 1970

Located in El Segundo, California, YMT Vacations' offices are by the beach just an hour's drive from Pasadena. As local Angelenos, the staff has a deep-rooted attachment to the area's famous hometown parade: The Rose Parade, to which we have welcomed our guests since 1970.

## BEYOND THE PARADE

The *evening float viewing* is a local tradition that YMT Vacations offers exclusively. Guests go inside the parade pavilions to see the floats being assembled after the public viewing hours. Then, enjoy dinner in

the "kick off tent" by the famous Rose Bowl with a presentation on the "what, how, and when's" of the parade, presented by the tournament organizers - something you wouldn't get to experience on your own. Because we've done this for such a long time, we also know all the ins and outs. For example, while other tours clamor for seats at "TV corner" at the beginning of the parade route, we know *grandstand seats* mid-route will help our guests to avoid the mayhem of the initial start. Plus, we know to set up on the south side of the street where the sun isn't in your eyes, and offer the quickest, most convenient ways to get in and out the grandstands.

## A PERSONAL TOUCH

Our office staff loves to greet the guests with plenty of helpful goodies like our *YMT seat cushions* to keep you comfortable in the grandstands, *detailed itinerary booklets* of your tour (thousands of which are designed and printed in our office!) and briefings of what to expect in the days ahead. You'll also notice when you get off the bus on parade day that while other parade goers may be scrambling around trying to find their bearings, there are brigades of YMT Vacations staff with signs pointing the way. It's those personal touches that you won't find anywhere else! Join us - we'd love to show you our home!
