KBKG EXPERTISE

Our firm provides access to our knowledge base and experienced industry leaders with over 100 years of total experience in their respective fields. We are a frequent content provider for publications like AICPA, Accounting Today, and Bloomberg BNA. Members of our leadership team have presented sessions in conjunction with the AICPA, numerous state CPA societies, the Tax Executives Institute, and more.

KBKG is registered with the National Association of State Boards of Accountancy (NASBA), as a sponsor of continuing professional education on the National Registry of CPE Sponsors. We broadcast live weekly webinar sessions to hundreds of professionals providing CPE related to our services.

We have been asked to present to industry specific groups including the Real Estate Roundtable, Driving Force Auto Dealers Conference, American Foundry, Metalcasting Congress, Restaurant Finance and Development Conference, and more.

MEMBER OF AMERICAN SOCIETY OF COST SEGREGATION PROFESSIONALS

Many of our team are certified members of the American Society of Cost Segregation Professionals (ASCSP). The ASCSP was founded in 2006 as the pre-eminent professional Society for all members of the cost segregation industry in response to the growing need for education, credentials, technical standards, and a Code of Ethics within the industry. Those members regularly contribute content and provide CPE training to other members of the ASCSP.

We have spoken to thousands through conferences, seminars, and webinars to share our industry experience and in-depth knowledge on tax credits and incentives.
ABOUT KBKG

Established in 1999 with offices in major markets throughout the US, KBKG is one of the oldest and largest independent providers of specialty tax service in the country. By focusing exclusively on value-added tax services, we complement your traditional tax and accounting team.

SINGLE SOURCE SOLUTION

We are unique in the marketplace as we offer a single source solution for depreciation/cost segregation, research & development tax credits, green energy tax incentives, and transfer pricing. Our model is to provide you with a single point of contact who can then interject the appropriate subject matter expert within our team.

SEAMLESS TEAMWORK & COLLABORATION

We help determine which tax programs benefit clients and stay committed to handling each relationship with care and diligence. Our ability to work seamlessly with your team is the reason so many tax professionals and businesses across the nation trust KBKG.

Our practice is staffed by full time specialists with engineering, valuation, green building, estimating, and construction backgrounds as well as tax professionals, attorneys, engineers, and economists.

NATIONWIDE SERVICE
THE KBKG ADVANTAGE

As leaders in the industry, we understand that not every audience is the same nor is every situation. We have the capability to cater our presentation approach to the needs of your group.

Presentation Topics:

- Research & Development Tax Credits
- Cost Segregation Tax Planning
- Tangible Property Repair Regulations
- Bonus Depreciation Update
- Advanced Tax Planning related to Cost Segregation
- Interaction between Cost Segregation and 1031 Exchanges

We are not limited to the listed topics above. We have the capabilities to speak on custom topics that work for you and your target audience.
KBKG COURSE TOPICS

As educators in the field of tax credits, incentives, and cost recovery, we specialize in presenting seminars and webinars for CPAs, attorneys, investment firms, and a wide range of other industries. The following is a listing of all of our current topics. Please contact Bethany Wolfe at bethany.wolfe@kbkg.com for additional information or speaker inquiries.

RESEARCH & DEVELOPMENT TAX CREDITS

This topic will cover the fundamentals of the Research and Development (R&D) Tax Credit. Our experts will go over the history and recent developments, project qualifications, calculating the benefits, the chronology of a typical project and common issues.

• Provide a general overview of the R&D Tax Credit
• Learn how to identify qualifying projects
• Understand the various calculation methods
• Discuss the project implementation and issues to consider

COST SEGREGATION AND THE IMPACTS OF TAX REFORM

A Cost Segregation Study dissects the construction cost or purchase price of real property that would normally depreciate over a long period and reallocates costs into shorter tax lives of 5, 7 or 15 years. This one-hour introductory course will provide background information, depreciation rules, and how a cost segregation study is performed.

• Explain what cost segregation is, how taxpayers benefit from it, and how it has changed over the years
• Identify tax issues that should be considered in conjunction with a cost segregation study
• Recognize the potential impact of cost segregation on estate planning
• Discuss the impact of tax reform on cost segregation
• Discuss cost segregation opportunities related to the tangible property regulations and disposition regulations
• Identify new opportunities to immediately deduct abandoned building components, avoid recapture tax, and expense demolition costs

1 Hour

1 Hour
KBKG COURSE TOPICS

TANGIBLE PROPERTY REPAIR REGULATIONS

The Final Tangible Property Repair Regulations are in full effect, yet many taxpayers are not in compliance or are missing opportunities to take full advantage of these new rules. This session covers compliance requirements as well as potential tax planning strategies on both a retroactive and prospective basis. Our presenter will also go over in-depth examples and real-life case studies. Participants will be better able to identify tax saving opportunities and be in compliance with these new regulations.

• Understand changes and new requirements presented by the final repair and disposition regulations
• Identify opportunities for missed deductions and other tax planning ideas
• Gain an in-depth knowledge of Unit of Property rules

2 Hours

BONUS DEPRECIATION UPDATE

The Bonus Depreciation Update presentation will provide information on bonus depreciation and other stimulus related depreciation issues. Our presenter will clarify when these topics are applicable and provide guidance on how to tax plan accordingly. The topics covered will include:

• New bonus depreciation timeline and applicable periods and requirements
• The definition of “Qualified Improvement Property” – new category
• Tax reform changes
• Self-constructed property rules
• Acquired property requirements
• How it interacts with cost segregation

1 Hour
KBKG COURSE TOPICS

ADVANCED TAX PLANNING RELATED TO COST SEGREGATION

This presentation will focus on more specific tax planning related concepts that include cost segregation and recent developments in tax law. This advanced session will provide insight on how to most effectively apply cost segregation principles.

- The interplay between estate planning for real estate and cost segregation
- How cost segregation can help condominium developers reduce gain on sale of units
- Effectively utilizing the GAA election to preserve deductions on demolished buildings
- Cost segregation tax law developments and changes

INTERACTION BETWEEN COST SEGREGATION AND 1031 EXCHANGES

Cost segregation and Tax Deferred Exchanges of Real Estate under IRC 1031 are two of the most valuable tax planning concepts that a real estate owner can utilize today. This presentation will provide insights on how a taxpayer can utilize both effectively and maximize their tax deferrals. We will also go over in-depth examples and case studies. The speaker will review concepts including:

- 1245 and 1250 property definitions
- Basis computations
- Recapture tax and its affects
- When an opportunity is optimal

1 Hour  1 Hour
KBKG COURSE TOPICS

TRANSFER PRICING - FUNDAMENTALS AND PRACTICAL SOLUTIONS

Transfer pricing is widely considered the most contentious tax issue for multinational companies. In this introductory seminar, our transfer pricing economist provides insights on the fundamentals of US and international cross-border pricing rules. He also reviews practical strategies that companies and their advisors can utilize to assess transfer pricing risks and opportunities, based upon 20-plus years of US and international transfer pricing experience.

- Fundamentals of US and global transfer pricing regulations
- Transfer pricing documentation rules for penalty protection
- Strategies for assessing transfer pricing risks in the US and internationally
- Tax Reform and Transfer Pricing overview
- Recent International Transfer Pricing Developments

TRANSFER PRICING AFTER TAX REFORM

The Tax Cuts and Jobs Act changed the tax environment for all companies with cross-border operations. This tax reform focused presentation reviews the opportunities and risks facing US and international companies. Our transfer pricing economist will review timely issues including:

- Overview of transfer pricing regulations in the US and internationally
- Tax Reform - FDII, GILTI and BEAT
- Tax competition with lower US tax rates
- Outbound and inbound transfer pricing strategies under tax reform
- Managing transfer pricing risks after tax reform
