

# What to Do If You Think You Have

# COVID-19 SYMPTOMS

## Your Decision Guide

If you don't feel well and are concerned you may have coronavirus (COVID-19), use this guide to help you decide next steps.

### DO YOU HAVE LIFE-THREATENING SYMPTOMS? THESE INCLUDE:

**CALL 911 IMMEDIATELY!  
THIS IS AN EMERGENCY!**

**Y**

**N**

### DO YOU HAVE THESE MAIN SYMPTOMS OF COVID-19?

### ARE YOU IN AN AREA WHERE COVID-19 IS SPREADING?

**Y**

**Y**

**N**

**N**

Contact your healthcare provider first to discuss your symptoms. Your provider will decide if you need to be seen in person and tested for COVID-19.

Contact your healthcare provider if you're still concerned about your symptoms. Some people with COVID-19 have reported other symptoms like fatigue, body aches, and sore throat.

### IF YOU'RE DIAGNOSED WITH COVID-19 AND HAVE MILD SYMPTOMS...

Stay home and away from other people

Notify your healthcare provider right away if your symptoms worsen

Visit [coronavirus.gov](https://www.coronavirus.gov) for other steps to take and up-to-date information
