Orange Genie Complete

A margin free umbrella solution

For those working in both the Public and Private Sector

Complete

£120 +VAT

For contractors working in both the **Public** and **Private** Sectors.

Orange Genie Complete provides the ultimate solution. Private and “outside” IR35 Public Sector contracts can all be carried out through an existing Limited company and take home pay maximised.

Public sector assignments deemed “inside” IR35 will be best placed through an Umbrella arrangement, but we understand you may wish to **retain your company**.

Switching to Orange Genie Umbrella for the duration of your Public Sector assignment with **NO MARGIN**, maximises your take home pay and ensures you the best advice with all of your affairs looked after by Orange Genie. You just carry on paying for your accountancy package, keeping the company going for when you wish to switch back.

Call us today so we can talk through your current situation and advise you of your best options.
