Dots show availability of product per shape

- **Cotton Fiber Mounted Points** - constantly reveal fresh abrasive grain as they work, and can deburr and finish in one-step
- **Cotton Fiber Max Mounted Points** - loaded with extra grain in a specially formulated bond for faster metal removal
- **Megabrite Unitized Mounted Points** - softer and more resilient than cotton for in-hole polishing and touching up decorative finishes
- **Rubber Mounted Points** - well suited for edge breaking, light deburring, and surface cleaning
- **Velocity Mounted Points** - blend of zirconia and aluminum oxide grain in a resin bond. These aggressive points are for metal removal applications.

Improve Your Daily Grind
