Corridor Sponsors, Exhibits at IACCM Americas Forum 2014, Oct. 14-16, in Chicago

Wakefield, Mass. (PRWEB) October 6, 2014

For the seventh straight year, leading contract management solution provider Corridor Company will join colleagues across industries at the premier learning event of the year for contract professionals.

Corridor Company, the leading provider of contract lifecycle management software powered by the SharePoint platform, will exhibit at the IACCM Americas Forum 2014 in Chicago on October 14-16, 2014. An event sponsor, Corridor will join contract managers and general counsels from around the world at this annual conference.

This is Corridor's seventh year at the conference.

Corridor CEO, Russ Edelman, will serve as moderator of afternoon sessions for Day 2, October 15, Track A - Technology & Negotiation, as well as the panel discussion "Achieving Success in Global Negotiations," that same day.

The IACCM Americas Forum is one of the key conferences and workshops produced by the International Association for Contract and Commercial Management, a non-profit organization that enables both public and private sector organizations and professionals to achieve world-class standards in their contracting and relationship management process and skills. IACCM has over 30,000 members from more than 150 countries and 10,000 organizations.

IACCM Americas Forum offers an extraordinary variety of speakers, topics and approaches to the challenges of contract management. Each day balances powerful conference-wide events with track-based sessions that focus on different goals of the profession and encourage maximum interaction.

Edelman states, "Our initial involvement with IACCM dates back to 2007. Since that time, we have consistently been impressed by the quality and integrity of their events. Relative to other professional association events, IACCM's conferences are light years ahead in terms of content, program format and most important, knowledgeable speakers and attendees. It is a genuine pleasure to participate in this year's IACCM Americas Forum."

Corridor welcomes visitors to its exhibitor booth throughout the conference as well as to the Sponsor Showcase on Wednesday, October 15, 10:25 am (first session of the morning break).

About Corridor Company

Corridor Company is committed to continually evolving our software product line to meet the challenges of contracts and their proper management. With a business application platform that readily provides solutions for Contract, Proposal and Supplier Management, Corridor's end-to-end solutions enable customers to create contracts and proposals more efficiently, manage all processes more effectively, and ensure that revenue, profit and compliance are all fully optimized. Corridor's flexible licensing model, supporting implementation packages, and delivery options which include on premises, in the Cloud, or Office 365, ensure a solution tailored to fit the needs of companies, including global enterprises.
