

VIRTUAL COACHING FOR CHANGE PRACTITIONERS

Accelerate your ability to deliver results through your change management work by receiving one-on-one coaching from an experienced Prosci advisor.

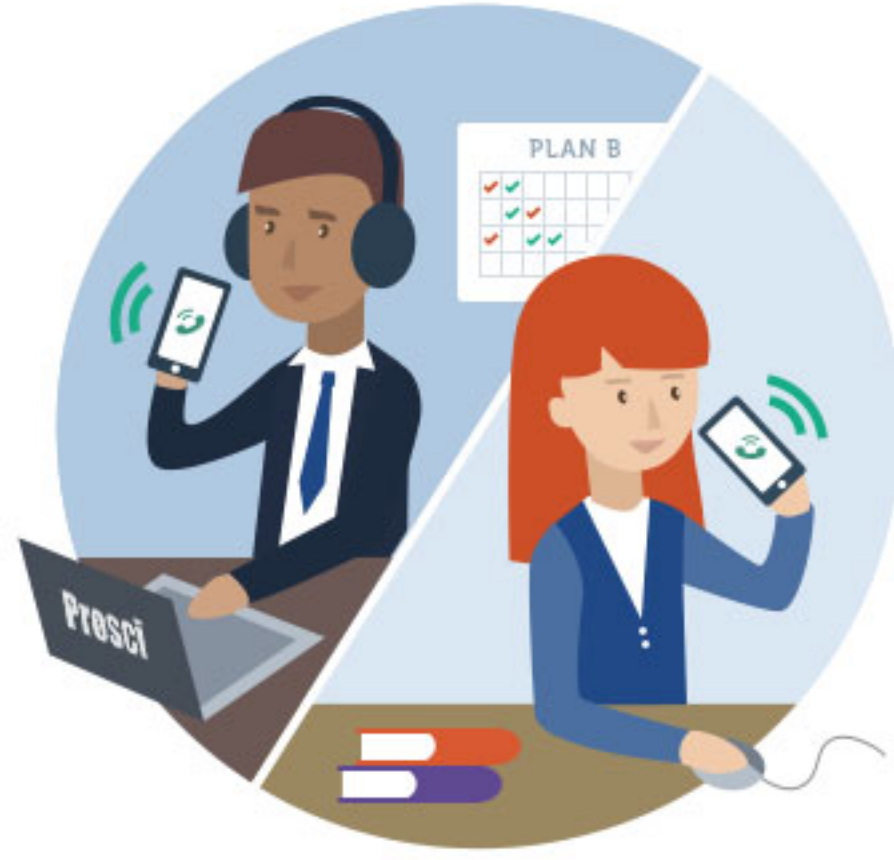

Need Guidance After Certification?

Change practitioners are constantly being faced with challenging situations that can alter their initial change management plans. Even the most experienced change practitioners benefit from guidance and coaching from an objective expert to adapt their approach and deliver results.

Customized Coaching to Drive Success

Virtual Coaching for Change Practitioners provides you with twelve months of on-demand access to a dedicated Prosci advisor who will coach you through your real-world challenges. Through a combination of scheduled calls and on-demand email and phone support, your advisor will partner with you to understand your challenges, define success for your project, create a customized support plan, and provide ongoing coaching.

WHAT'S INCLUDED

- 12 months of unlimited on-demand support
- Structured discovery and alignment sessions
- Individual needs assessment with regular feedback
- Customized support plan
- Access to tailored thought leadership articles
- Access to knowledge and tools

Climb the Mountain of Change Success

- ✓ Make more confident and pragmatic decisions underpinned with best practices
- ✓ Increase the potential for better project results
- ✓ Build skills in the artful nuances of change management
- ✓ Become more confident and competent in using the Prosci Methodology
