

FACT SHEET

ABOUT CARE NET

Founded in 1975, Care Net is a 501(c)3 nonprofit organization that supports one of the largest networks of pregnancy centers in North America, runs the nation's only real-time call center providing pregnancy decision coaching, and supports a growing network of churches equipped for vibrant pro-life ministry. For more information, visit: www.care-net.org.

OUR BELIEFS

- All women have a right to factual pregnancy and parenting information presented in a caring and compassionate manner, regardless of the choice they will ultimately make.
- When women are empowered with compassion and support, many choose life for their unborn children. 8 out of 10 women who visit a Care Net pregnancy center and are considering abortion, choose life after they visit the center.
- We work not only to save the lives of unborn children, but to also ensure that they have "abundant life" by building strong families through healthy marriages, responsible fatherhood, and the sharing of the gospel.
- We believe the Church is God's instrument to enable Christians to do good works. Therefore, Care Net equips the Church to engage in vibrant pro-life ministry so that churches become places where women and men can turn for help with their unplanned pregnancies.

OFFICER

KATHY LOBUGLIO,
VICE PRESIDENT OF
DONOR RELATIONS

CARE NET PREGNANCY CENTERS

- Care Net has a network of 1,100 affiliated pregnancy centers in all 50 states and Canada, staffed by more than 30,000 staff and volunteers.
- Our centers inform women of the options available to them around their pregnancies -- including parenting, adoption, and marriage -- along with information on prenatal development, abortion procedures, and the risks associated with abortion.
- Roughly 60% of Care Net-affiliated pregnancy centers offer medical services, such as ultrasounds and STI testing.
- We do this because we believe that women deserve access to the latest, medically-accurate information regarding their pregnancy decisions.
- Care Net-affiliated pregnancy centers are a vital part of their communities.

CLIENT SATISFACTION RATING

- Between 2014 and 2016, 97 percent of Care Net-affiliated center clients who completed a written exit survey indicated that their overall experience at the center was positive.
- This satisfaction rating is higher than that of Netflix and the iPhone.

CARE NET'S IMPACT

- After visiting a Care Net affiliate, 80 percent of women considering abortion choose life.
- In 2017 alone, Care Net-affiliated pregnancy centers saved 73,774 unborn lives!
- During the past 10 years, 677,248 unborn children were saved from abortion due to the valiant efforts of our staff and volunteers.
- During the last 10 years, Care Net-affiliated pregnancy centers have provided more than one million free ultrasounds and 2.8 million free pregnancy tests.
- During the last 10 years, Care Net-affiliated pregnancy centers have shared the gospel with over 1.6 million people.

CARE NET NATIONAL PREGNANCY DECISION HOTLINE
