

#connectednow

Every student needs access to online resources to succeed, but Internet access is still not a reality for everyone. In fact, 39% of U.S. students don't have access outside the classroom.

Let's change that.

 kajeet

#connectednow

When students have access to reliable Internet, they are more likely to succeed academically. Our goal is to help schools, districts, and communities create a safe, connected environment for students and their families.

Let's work together to connect every student to the online tools they need to succeed in school and beyond. To help you get started, we have put together an affordable connectivity solution designed with students and educators in mind.

#connectednow Program Includes:

Kajeet 4G LTE SmartSpot® **Free**

The Kajeet SmartSpot is a filtered, 4G LTE Wi-Fi hotspot that connects students anytime, anywhere. This portable hotspot provides access to safe, educational Internet, for any mobile device. Devices arrive kitted and fully activated, with a sturdy carrying case, charger, and quick start guide.

Mobile Device **\$200 Subsidy**

Along with a free SmartSpot, you will receive a \$200 subsidy for any mobile device (i.e. Chromebook, SmartBus™, tablet, laptop). We can also help you pick the device that is the best fit for your school's technology, curriculum, and connectivity needs.

Kajeet Complete 500 Data Plan **\$15.97/month** (24-month minimum)

The Kajeet Complete 500 data plan is our most popular and affordable wireless data plan designed specifically for the needs of students. With this turnkey Education Broadband™ data plan, students will receive enough data to complete their school work (up to 500MB per day, 15GB per month).

Your Choice of 4G LTE Network **Included**

Kajeet is the only Education Broadband provider available on the four major U.S. wireless networks. With the Kajeet Network Guarantee, your students will have access to the fastest, most reliable network in their area, or Kajeet will switch your network at no cost to you.

The Kajeet Difference

At Kajeet, we have one focus — education. We make it as easy as possible for you to connect your students and manage your program. That means no requirements or applications.

Plus, we provide you with everything you need to make your program a success.

With Kajeet you experience:

Kajeet Sentinel® Portal

Included

Kajeet Sentinel, the core of our connectivity solutions, provides educators visibility and control of their student connectivity program with filtering, device management, network security, and reporting tools all in one convenient online platform.

- Advanced Educational Filtering™ (AEF)
- Time-of-day controls
- Lost/stolen device alerts
- Remote device control
- Instant reporting tools
- Media check-out feature

CIPA-Compliant, Advanced Educational Filtering™

Included

Keep students on-task with filters that automatically block inappropriate, non-educational, and harmful content. Here are the types of content we block:

- CIPA-compliant (Children's Internet Protection Act)
- Pre-set (K-8 or 9-12) filters
- Supports Google SafeSearch
- Supports YouTube Restricted Mode
- WatchGuard firewall

World-Class Support

Included

A dedicated Kajeet Account Manager will be there every step of the way to ensure your program is a success. We also offer an array of reports, guides, marketing materials, and templates to help you get the most out of your program.

- Pre-activated, fully kitted devices
- Deployment assistance
- Training on Kajeet Sentinel portal
- Program health checks
- Ready-to-use marketing materials (i.e. posters, quick start guides, parent resources)
