Connecting
To Your Kajeet SmartSpot

Follow the steps below:

1. On the back of the device, note the Wi-Fi name and password on the sticker.

   IF STICKER IS MISSING FROM DEVICE: Remove the back battery cover, (see Fig. 1) and take note of the Wi-Fi name and password shown on the sticker. Replace back cover.

2. Hold the power button down for 3 seconds until all lights are blue.

3. On your computer, tablet, mobile phone, or other Wi-Fi enabled device, select the Kajeet SmartSpot Wi-Fi network name (ex. Alcatel LINKZONE ####) from the list of available Wi-Fi networks on your device.

4. When prompted for a password, enter the Wi-Fi password from step 1.

5. You should now be connected to the internet.
