# 2020 HR TECH TRENDS

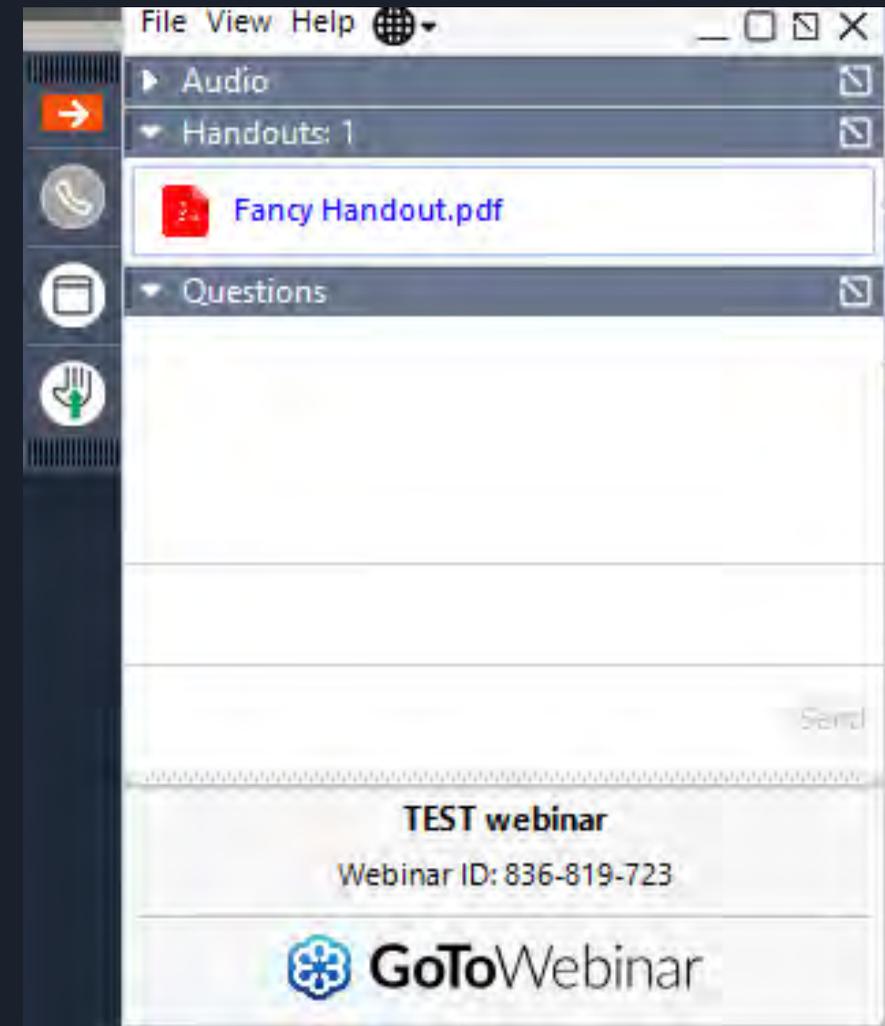

## What You Need to Know

November 13, 2019

# Housekeeping

*This will be a recorded presentation.*

*A copy of this presentation is available for download in your GoToWebinar window and will also be sent to all registrants.*

# Today's Presenters

---

**Josh Hoover**

Director of Client Relations &  
Strategic Initiatives

*Dallas, TX*

**Corrina Nation**

Strategic Initiatives  
Consultant

*Tampa, FL*

# Who We Are

---

Founded in 2008

One of the largest HR Tech consulting firms  
with 55+ FTEs

Extensive, in-depth expertise in HR Tech  
procurement & delivery:

- HCM
- Talent
- Time
- Benefits Administration

# HR Tech Conference: World's Leading Event on **Technology for HR**

# The Stats

- Held in **Las Vegas, NV**
- 438 Exhibitors This Year (**266 were NEW exhibitors**)\*
- **10,000+ Attendees\***
- **20+ Years**

# WHAT'S TRENDING IN HR TECH?

# Show Me the Money!

**\$1.741 billion**  
in Q1 2019

**\$1.448 billion**  
in Q2 2019.\*

**Talent  
Acquisition &  
Recruiting  
are focus for  
most VC firms**

**Skill  
development to  
prepare for the  
“future of work”**

# For Employees

- Overall engagement of **talent**
- Decision support and **AI**
- User **experience** for recruiting
- Employee engagement **“layover”**  
tech

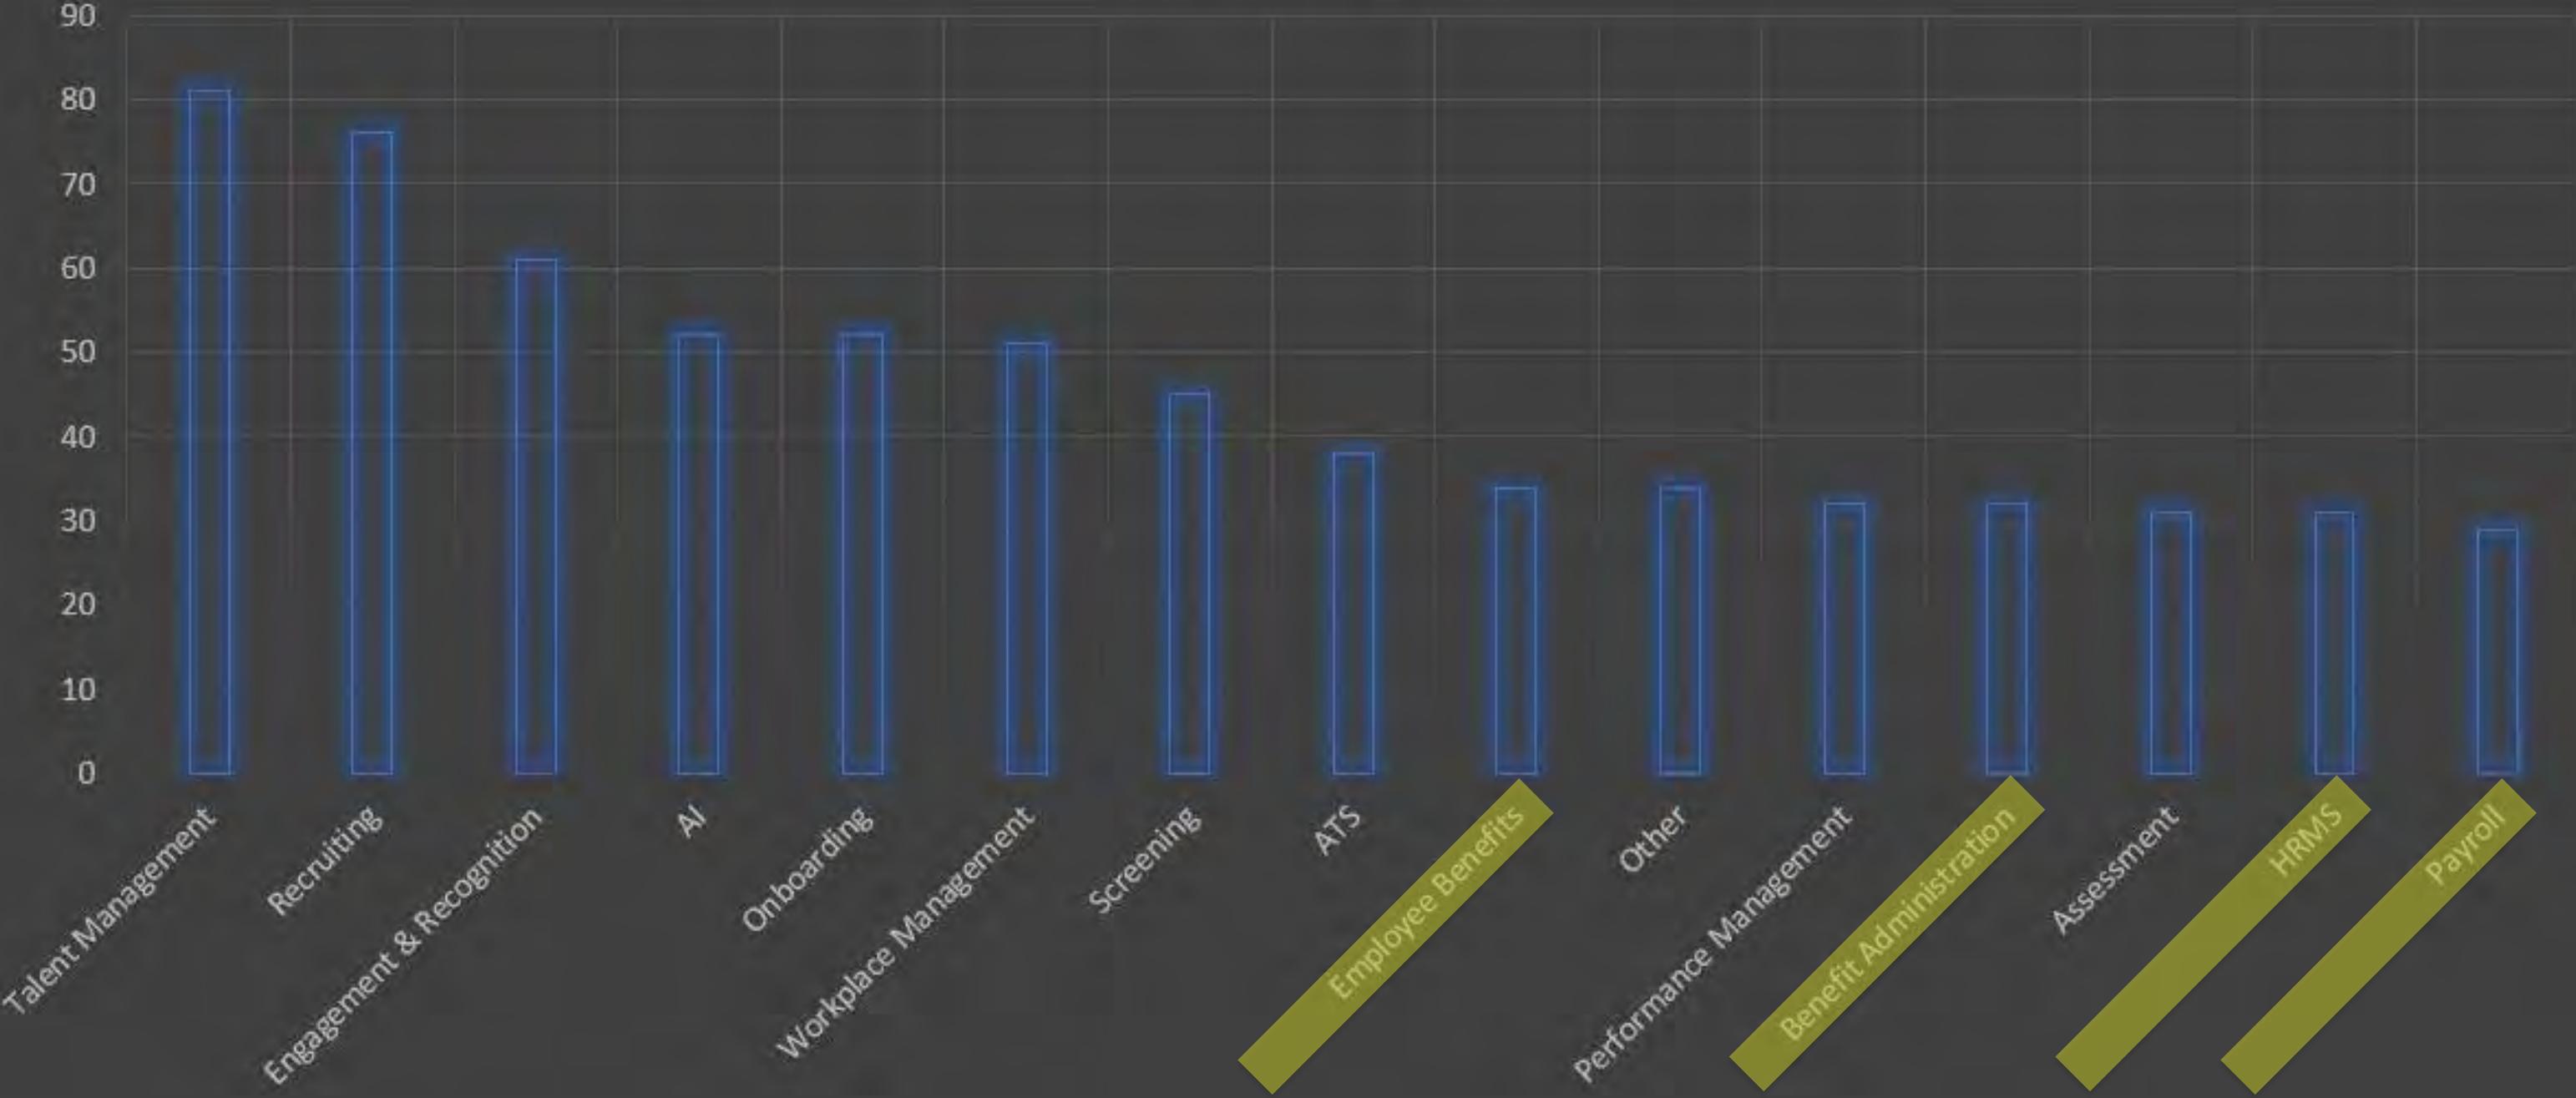

A man in a dark suit and light shirt is looking at a laptop screen. The image is partially obscured by a teal and white geometric overlay on the left side of the slide.

## For Administrators

- One system **can't** do all things well  
(think Talent and Ben Admin)
- **Disconnect** between the HR and employee experience
- **Data** matters
- Talent management and **engagement**

# EXHIBITORS

# HR Tech Strategy

## Employee Engagement

Applicant Tracking Systems  
Engagement & Recognition  
Development

## Data Analytics

Driving results through data

"Employers should be treating their HR tech like a pet, **not a rock** . . . look at it every day and **measure its success**"

- Jason Averbook, LeapGen

WHAT CAN YOU  
DO **TODAY?**

# Strategy in Action

## Client

- Regional Physician Group with 296 employees

## Problem

- Current HCM solution deployed prior to current HR leadership and wasn't meeting the needs the organization
- No defined plan on how to leverage current tech
- Manual processes in place for ATS & Performance Management

## Strategy

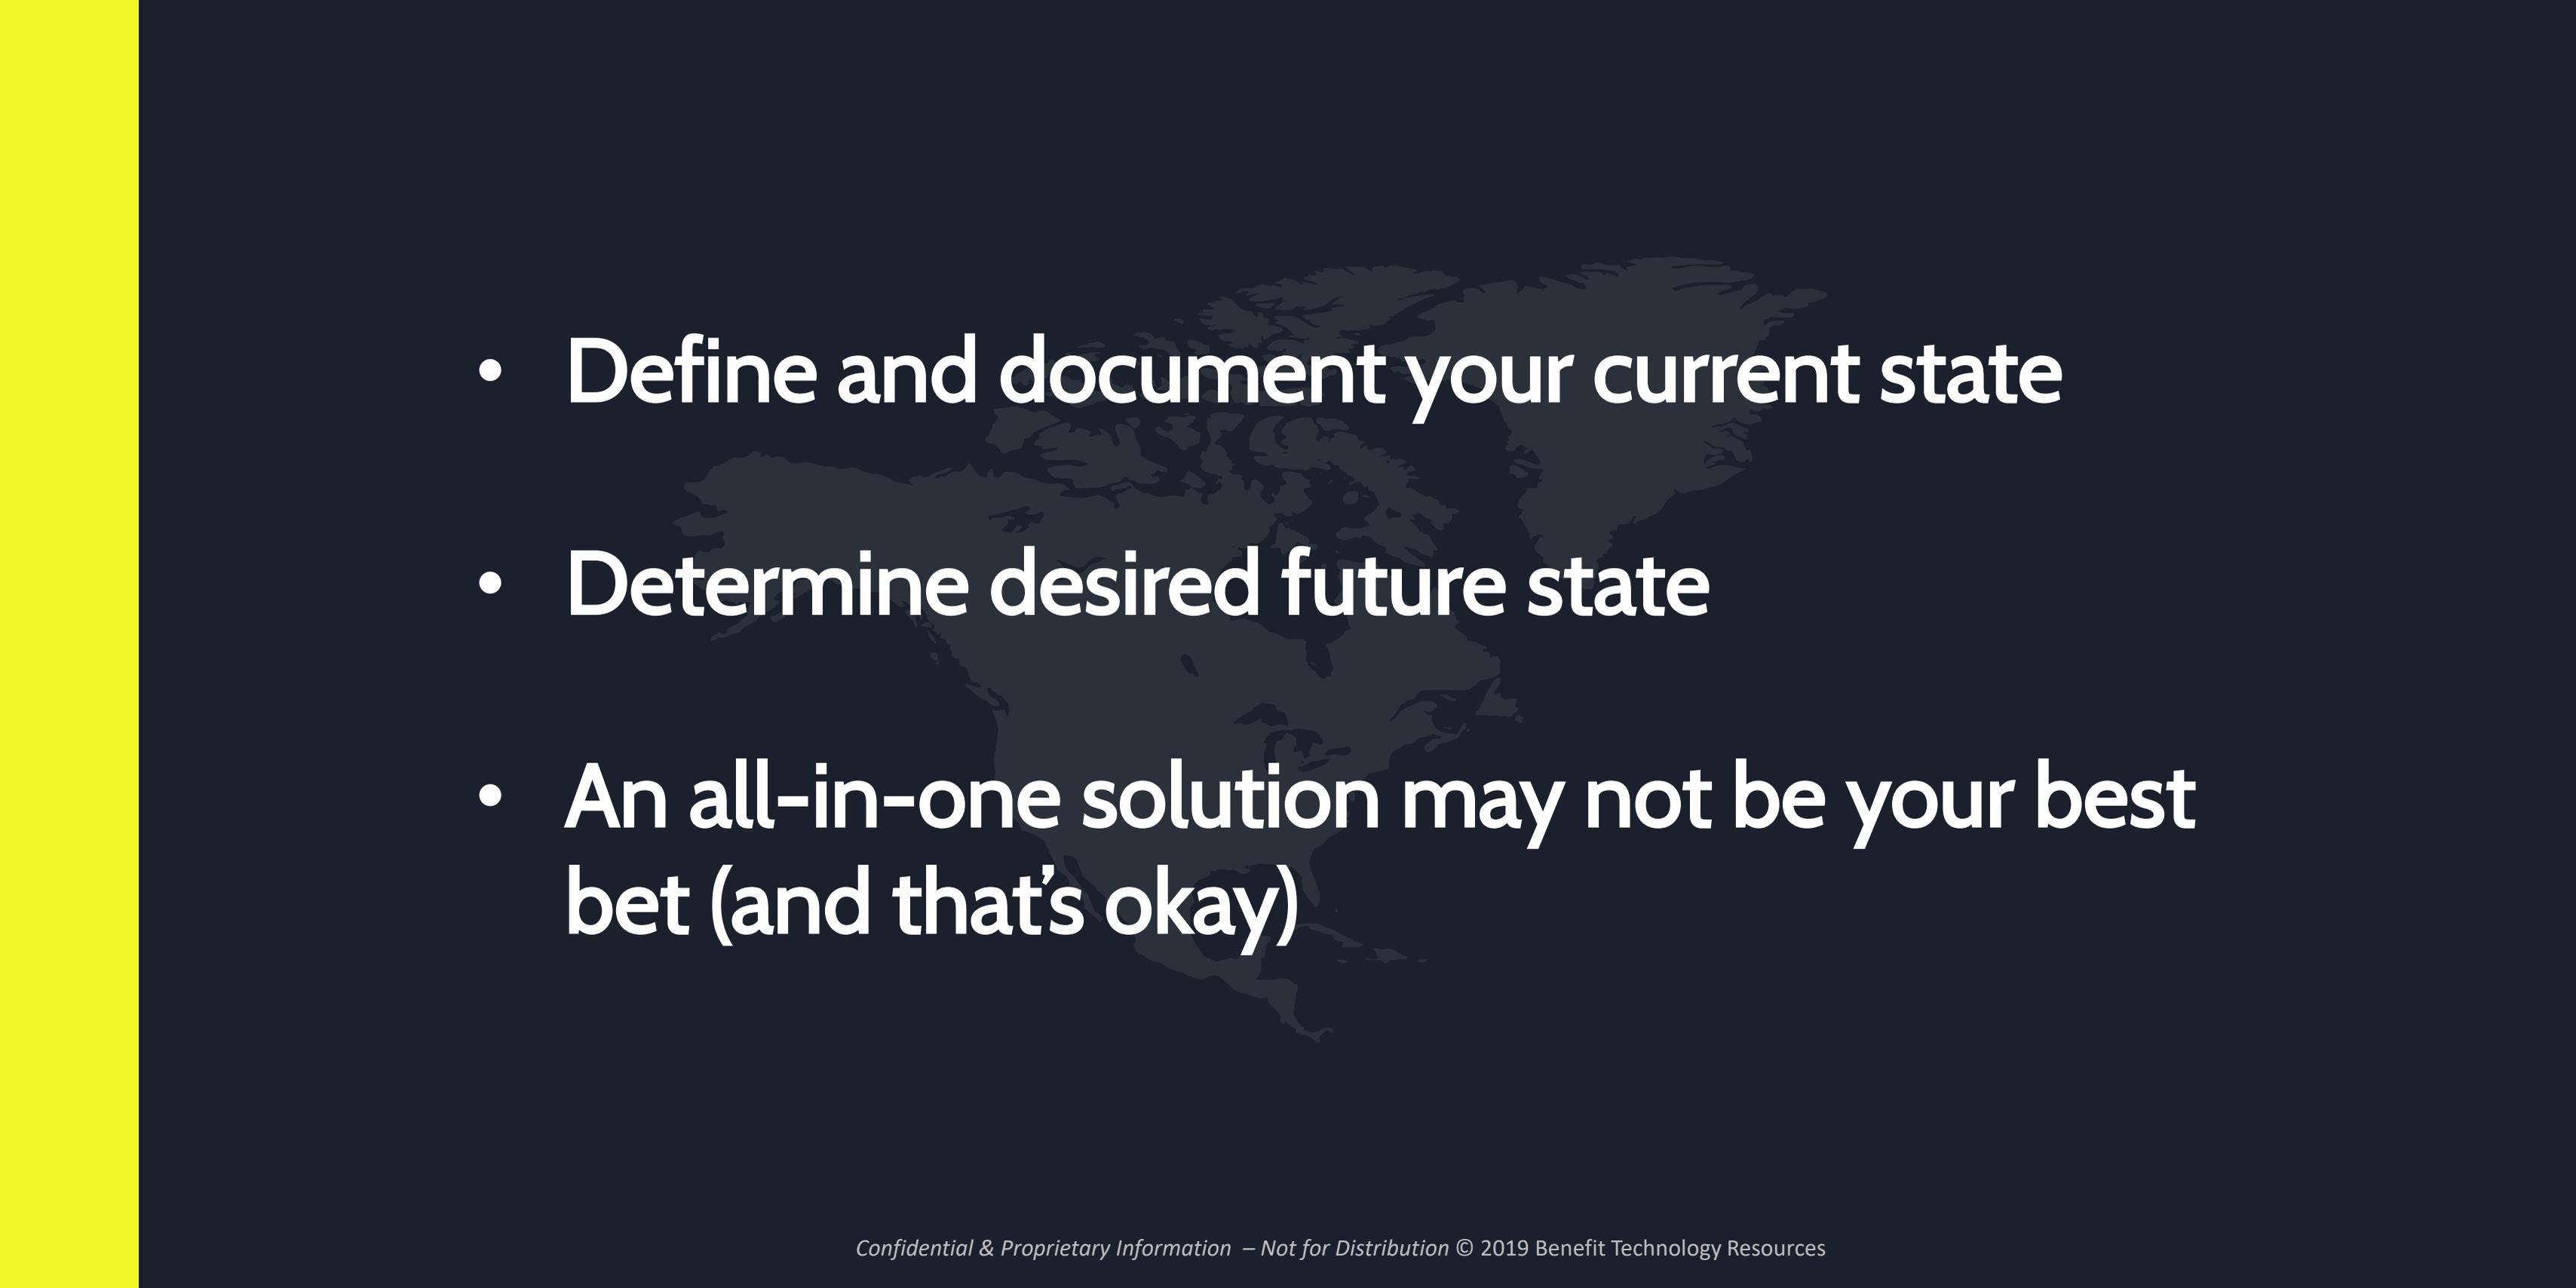

- Define HR tech strategy and desired outcomes
- Independent review of current ATS & Performance Management processes

## Outcome

- Identified the need for a best-of-breed ATS solution to accommodate recruiter access and tracking needs
- Discovered \$20,000 net annual savings for client due to redundant fee

A stylized world map in shades of blue and green, centered on the Americas. A black location pin is placed over the United States. The text "Define & Map Your Processes" is overlaid in a large, bold, black font across the center of the map.

# Define & Map Your Processes

- 
- **Define and document your current state**
  - **Determine desired future state**
  - **An all-in-one solution may not be your best bet (and that's okay)**

# Keep Your Learning Hat On

# Keep Your Learning Hat

- **How are you staying educated on the market?**
- **What are your peers doing?**
- **Do you need to consult with a third party?**

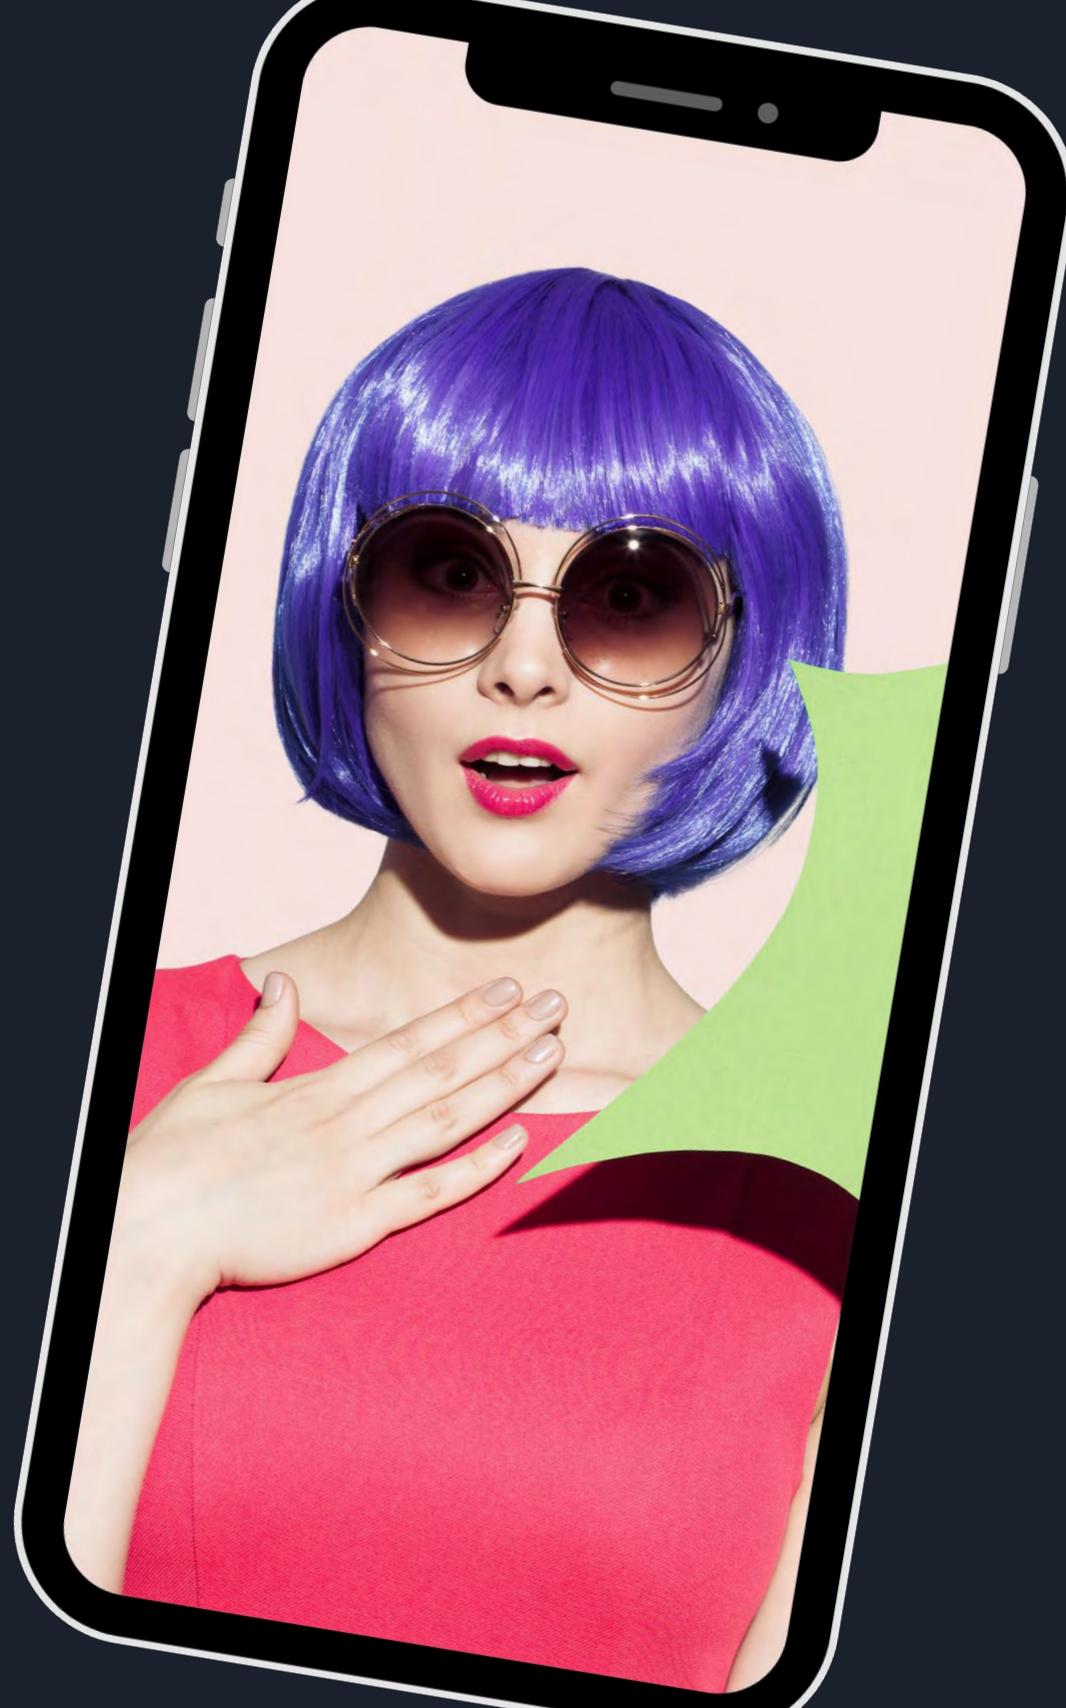

**Time is Money**

- You must drive the **transformation**
- Manual processes are costing you **time** (which is **money**)
- **Change management** is inevitable, and you must fight:
  - End-user indifference
  - Ineffective training
  - Inadequate communication
  - Limited accountability

**It's Not  
About  
You**

# It's Not About You

How do you focus on the **employee experience**?

Happy people make a happy **workplace**

It's all about the **people**

“**Recognition** gets people where you want them to go. You give people recognition; they **love** you back. It’s as **simple as that.**”

- Barbara Corcoran
