

WHY CHOOSE URGENT CARE?

YOU SAVE TIME

because you can walk in and get the treatment you need without an appointment. Most visits take an hour or less.

YOU SAVE PERSONAL DAYS

by being able to get treatment before and after work, on weekends and even holidays.

YOU SAVE MONEY

through lower co-payments for care compared to hospital emergency department visits.

- Most centers open 365 days / year
- Walk-in, no appointment necessary
- Staffed by physicians
- Go for routine injuries and illnesses
- X-rays, lab tests and prescription drugs on-site
- All major insurance plans accepted - your claims filed for you
- Less expensive than an ER visit

URGENT CARE OR THE EMERGENCY DEPARTMENT - WHERE SHOULD I GO?

VISIT URGENT CARE...

for urgent but non-life-threatening conditions.

- Allergic reaction
- Possible fracture
- Cough
- Cut or scrape
