

Dynamic Discounting

Ivalua's Dynamic Discounting module provides a complete platform for managing supplier early payment programs, fully integrated across the the Ivalua suite for in-depth analytics and workflow-based actions.

An Opportunity in Payments

Every day, procurement teams work in partnership with finance to optimize the bottom-line. Savings can occur at all points across the sourcing and purchasing process, but many companies are also exploring the potential for savings in the payment cycle by offering early payment option for their suppliers.

As part of Ivalua's family of online invoicing solutions, the Dynamic Discounting module is a web-based tool for creating and managing early payment discounting programs. The module lets users:

- Offer relief to suppliers with cash-flow problems.
- Gain discounts even after early payment terms have been negotiated.
- Collect financial insights into suppliers and their cash positions.

The Ivalua Difference

With Ivalua you can easily:

- Link invoicing data to overall supplier performance and budgeting metrics.
- Present options for early payment discounting to suppliers with reconciled invoices.
- Manage maximum cash available per day for early payments.
- Allow suppliers to create default early payment plans.

The Ivalua Solution

Ivalua provides a single, integrated system that links invoicing data and processes with all related components of the procurement process. Dynamic Discounting is part of the Invoicing family of modules, and fits seamlessly into a comprehensive purchase-to-pay (P2P) technology platform.

Unlike stand-alone systems that may offer elements of dynamic discounting, Ivalua's solution takes full advantage of powerful platform features for supplier collaboration, workflow and alerts, invoice data capture and cleansing and supplier risk management.

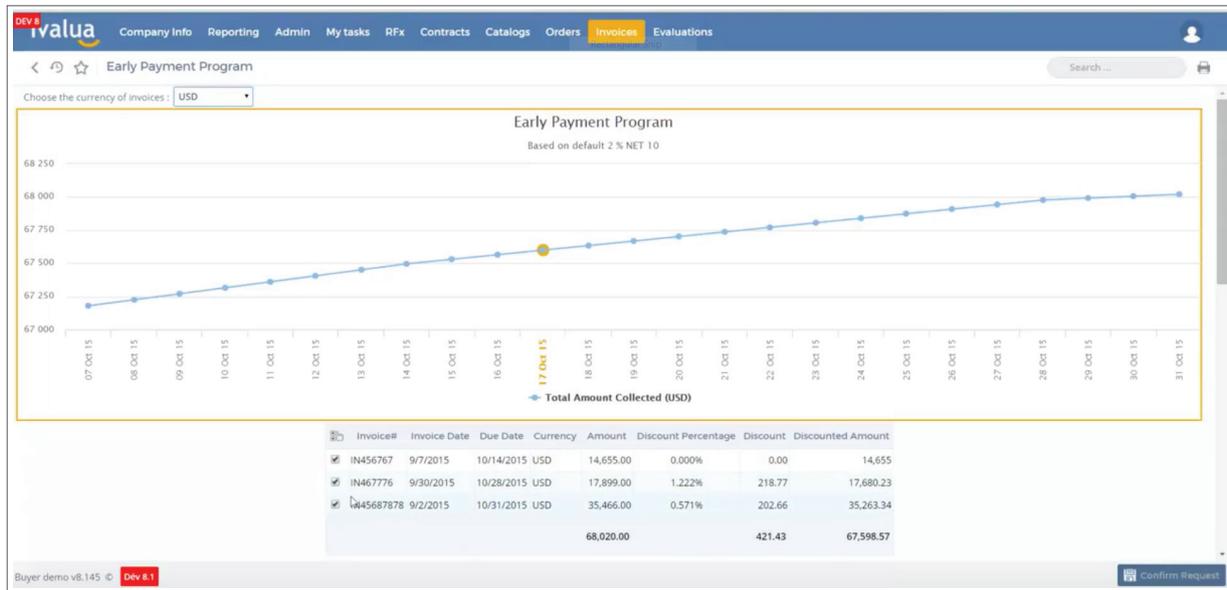

With Ivalua, procurement teams have a dynamic discounting tool that helps them:

- **Increase** supplier visibility and control over their cash flow.
- **Align** payment programs at a granular level of detail if necessary, by supplier and by invoice.
- **Discover** opportunities for additional savings even after contract terms have been negotiated.
