

AccuQuilt® Exposes a New Generation to the Art of Quilting with New Go! Me™ Easy Fabric Project Maker

(OMAHA, NE) October 15, 2018—AccuQuilt, a U.S. based company that specializes in manufacturing premiere fabric cutting machines and dies, launches the GO! Me™ Easy Fabric Project Maker. Easy Fabric Project Maker allows children to create DIY fabric projects that are fast, easy and fun.

Each kit includes the GO! Me cutter, two GO! dies (GO! Owl and the GO! Owl Accessories), 6X6 cutting mat, patterns and fabric. There is no limit to what children can create and make their own. These projects range from beginner to a more challenging which is a great way to teach new techniques as skill-levels advance. They will learn about fabric cutting, stitching techniques, seams, sewing on buttons, reading patterns, applique and quilting.

The pattern booklet and user manual provide step-by-step instructions on how to make cute projects including the What a Hoot Plush, Heart Clip, Rudy Mug Rug, Blooming Book Cover, Cuddle Me Koala Cinch Bag, Cute Cows Pillowcase, On the Dot Pencil Bag, and the Posy Hair Tie.

“AccuQuilt is so excited to introduce the NEW GO! Me™ Easy Fabric Project Maker,” said Lynn Gibney, director of product development. “This addition to the AccuQuilt product line includes everything kids and tweens need to have wildly inventive fun creating great projects from start to finish.”

The GO! Me is now available on accuquilt.com and at signature retailers. For more information on AccuQuilt and the latest product releases, visit accuquilt.com.

About AccuQuilt—Better Cuts Make Better Quilts®

Headquartered in Omaha, Neb., AccuQuilt offers quilters, fabric crafters and retailers a premiere line of fabric cutters, dies, quilting patterns and other quilt and fabric cutting solutions that help quilters quickly and accurately cut shapes for quilting and fabric crafts. AccuQuilt also offers quilters a wide variety of rich educational resources to enhance their quilting experiences. Cutting with AccuQuilt cutters is a natural evolution of fabric cutting methods.
