

AccuQuilt Releases the GO! Qube™ Companion Sets-Corners

New Companion Sets work with original GO! Qube Sets and are all about the corners.

(OMAHA, NE) April 6, 2018—AccuQuilt, a U.S. based company that specializes in manufacturing premiere fabric cutting machines, was excited to announce its newest product, the GO! Qube™ Companion Set-Corners. The NEW GO! Qube™ Companion Sets – Corners expands the number of quilt blocks that the GO! Qube Mix and Match Blocks can make from 72 to over 144 blocks! That number increases to 216 when you add GO! Qube Companion Sets – Angles. The boxed sets come in the sizes of 6", 8", 9" and 12" and are designed to be the perfect companion to the existing GO! Qube sets of the same corresponding size.

The GO! Qube Companion Set-Corners all come with 4 shapes: GO! Chisel, GO! Signature Block, GO! Bowtie, and GO! Half Square Triangle. These four shapes are labeled 9-12.1 as a continuation of the 1-8 numbering system from the GO! Qube™ Mix & Match Block sets. The self-contained storage system also contains a cutting mat, a pattern book containing 9 block patterns and 1 quilt pattern, and a Getting Started instructional DVD. Quilters can easily store these sets on a bookshelf or other shelving in their sewing studios.

"Here at AccuQuilt, we always strive to expand our customer's ability to take quilting to the next level. This product is built to give customers infinite block and pattern options when paired with GO! Qube Mix & Match Block sets and GO! Qube Companion Set-Angles," said Lynn Gibney, director of marketing.

The new GO! Qube Companion Sets are available on accuquilt.com as well as at AccuQuilt Signature Dealers. For more information on AccuQuilt and the latest product releases, visit accuquilt.com.
