

## Introducing the New AccuQuilt GO!® BOB® Die Trio

A selection of new Block on Board® (BOB) dies and patterns that make cutting quilts a snap.

(OMAHA, NE) August 8, 2018—AccuQuilt, a U.S. based company that specializes in manufacturing premiere fabric cutting machines, is happy to announce the release of three new Block on Board (BOB) dies. These dies contain all the shapes that avid quilters need to create a quilt block on a single die.

“Quilters will love how quickly blocks come together with these new BOB dies! Each die includes all the shapes you need to cut an entire block in just one pass through the cutter,” said director of product development, Lynn Gibney. The new die trio features three popular traditional blocks: GO! Crossed Canoes-9" Finished, GO! Pineapple-10" Finished and GO! Spider Web-6" Finished.

- A traditional quilt block, GO! Crossed Canoes-9" Finished also creates stunning modern designs when quilters play with fabric color or rearrange the units in fun ways.
- Options are endless with the intricate GO! Pineapple-10" Finished die. Designed for easy piecing, there is no need for quilters trim as they go or to paper piece.
- The GO! Spider Web-6" Finished is named for the design it creates and is a great stash buster.

The BOB Trio dies come with a project pattern and are ideal for quilters of all skill levels. Plus, they are compatible with the popular GO! Qube™ Mix & Match Block System.

AccuQuilt’s [signature dealers](#) will also offer the GO! BOB Trio at their quilt stores. Each die is compatible with the GO!® and GO! Big® fabric cutting systems which the dealers would be happy to demonstrate. For more information on AccuQuilt and the latest product releases, visit [accuquilt.com](http://accuquilt.com).
