

AccuQuilt Introduces New GO!® Dies to Answer Popular Demand

(OMAHA, NE) April 16, 2019– AccuQuilt, a U.S. based company that specializes in manufacturing fabric cutting machines and dies, announced the release of highly requested [GO! Baby Bib and GO! Burp Cloth](#) dies for their GO!® Fabric Cutters. In addition to these two new dies, the [GO! Owl Accessories die](#) is now available to purchase separately.

“We listen to our customers and choose products based on their needs and desires. These three topped the list,” said Lynn Gibney, Director of Product Development at AccuQuilt.

The GO! Baby Bib and GO! Burp Cloth are designed to cut three complete baby bibs and burp cloths in one pass through an AccuQuilt Fabric Cutter without the need of templates. Both dies are fat quarter-friendly and large enough to work with appliqué shapes so customers can add a personal touch to their DIY projects.

The GO! Owl Accessories die, originally sold exclusively with the AccuQuilt GO! Me Easy Fabric Project Maker, coordinates with the GO! Owl die (55333). It features a flower, heart, stem, feather, foot/antler, and base for 3D animal creations. The die expands the possibilities of the GO! Owl die and is perfect for using up fabric scraps. With a little creativity, the GO! Owl Accessories can create everything from koalas and cows to flower arrangements and have a FREE embroidery download available at accuquilt.com

All dies come with a project pattern. GO! Baby Bib and GO! Burp Cloth are compatible with the GO! and GO! Big fabric cutting systems. The GO! Owl Accessories die is compatible with all GO! fabric cutting systems. These dies will be available online and through AccuQuilt’s [retailers](#) who are also happy to demonstrate each AccuQuilt fabric cutting system.
