

## **AccuQuilt Releases New Party-worthy GO!® Dies**

(OMAHA, NE) June 11, 2019– AccuQuilt, a U.S. based company that specializes in manufacturing fabric cutting machines and dies, announced the release of their new GO! Summer Medley, GO! Halloween Medley and GO! Pennants dies for their GO!® Fabric Cutters.

“We’re continuing to add more holiday and seasonal, difficult to rotary cut appliqué shapes to provide even more options for our customers,” said Lynn Gibney, Director of Product Development at AccuQuilt.

The GO! Summer Medley features five new appliqué shapes – a bucket and bucket handle, sandal and sandal strap and shovel – that are 5” precut square-friendly. Adding the GO! Summer Medley to our collection means we have a die medley for every season. The shapes are great for beach-themed and work well with the newly released GO! Sea Life Medley and GO! Emoji Limited Edition dies. Plus, quilters can easily create garden-inspired projects by combining with any of our many flower shapes.

The GO! Halloween Medley die is also 5” precut square-friendly and includes a spider, ghost and witch’s hat. The die complements our other fall-themed appliqué shapes, including the GO! Cat & Bat, GO! Fall Medley and GO! Pumpkins and the Block on Board® GO! Spider Web-6” Finished die.

The GO! Pennants die includes three popular, standard-sized pennant styles – a triangle, swallowtail and rounded. The shapes are perfect for do-it-yourself pennant projects but can also be used in piecing or appliqué. The shapes are 10” precut square-friendly and can be personalized using the GO! Carefree Alphabet set dies, both uppercase and lowercase.

“Our GO! Pennants die is another project die that works perfectly for every occasion,” said Gibney. “Quilters, crafters and sewists alike will find so many uses for these shapes.”

Both dies come with a project pattern, are compatible with the GO! Me™, GO!® and GO! Big® fabric cutters and have a FREE embroidery download with three stitch choices. AccuQuilt appliqué dies can cut through up to four layers of fabric with fusible web already applied.

These dies will be available online and through AccuQuilt’s [retailers](#) who are also happy to demonstrate each AccuQuilt fabric cutting system.
